This booklet summarizes most features of your group benefits program and provides you with as much accurate, clear and comprehensive information as possible. It does not necessarily cover every single provision of the actual policy or benefit plan. This booklet is not a contract of insurance and does not create or confer any contractual rights.

All rights and obligations with respect to benefits described herein are governed by the applicable group insurance policy or group benefit plan. In the event of any discrepancy, error, or omission as between this booklet and the actual group insurance policy or group benefit plan, the terms of the applicable policy or benefit plan shall govern. CARRIER 2Insurance Administrators Inc. shall not be liable for any error, omission, or misstatement contained herein.

Possession of this booklet alone does not mean that you or your dependents are automatically insured. The applicable coverage must be in effect, and you and your dependents must satisfy all insurance eligibility requirements.

This booklet contains important information. Please read it and keep it in a safe place for reference.

INTRODUCTION

WELCOME

CARRIER 2 Insurance Administrators Inc. is pleased to provide you with this Employee Benefits Booklet, which describes the benefits available to you under your group benefits package. It is meant to give you a general summary of the main benefits, as well as the applicable insurance rules, for your guidance.

CARRIER 2 AND YOU

CARRIER 2 acts as the third party administrator (TPA) for the benefits available from each of the insurance providers which are listed at the back of this booklet. For example, our administration includes such services as collection of premiums, enrolment, beneficiary changes, coverage adjustments, and production of Employee Benefits Booklets.

Carrier 2's SERVICE

Your employer has been provided with a supply of forms and administration information. If you have questions that are not addressed in this booklet, consult your employer, who should be able to help you by referencing Carrier 2 additional resource material.

You may also take advantage of Carrier 2 On-line Plan Member Services site. Once you are signed in, you may view and update personal information, view claims information, download claim forms, arrange direct deposit of health and dental claim payments to your personal bank account, and view your Employee Benefits Booklet on-line.

CARRIER 2 is also just a phone call away. We will help explain your benefits. We can assist with outlining for you the applicable insurer's requirements with regard to claims or coverage. As a client of CARRIER 2, your service is our priority. You can reach us at:

CLAIMS

CARRIER 2 provides Extended Health Care and Dental claims adjudication and payment, plus other specialized claims and services for you on behalf of certain insurance providers. This booklet will explain which coverages are available to you, and under which benefits you may expect to receive claim services directly from CARRIER 2.

USING THIS BOOKLET

Keep this employee booklet in a safe place, so that you can refer to it at any time. Refer to each 'Schedule of Benefits' page as quick reference for a summary of your group benefits. For more information, you must then refer to the applicable 'Details' section of this booklet, to be read in combination with the General Provisions and each Schedule of Benefits.

GENERAL PROVISIONS

GENERAL PROVISIONS & ADMINISTRATION

Many of the administration forms referred to in this section can be obtained directly from your employer. You can also download some commonly used administration forms from Carrier 2 website at www.Carrier 2.com.

Carrier 2 Group Administration Department is here to help you with any questions you may have with regard to coverage issues such as eligibility, changes affecting your coverage, premiums, or other administrative matters. We can be reached by calling. Forms and notices may be faxed to

Employee Eligibility

You are eligible for group insurance coverage if:

- you are an actively working, permanent employee,
- you are actively and regularly working the minimum number of hours per week which are required to qualify for the coverage, as specified by the applicable Schedule of Benefits in this booklet,
- you have completed the waiting period as specified by the coverage's Schedule of Benefits,
- you belong to a division and class of employees eligible for the coverage under the group benefits plan,
- you are insured under a provincial government health insurance plan and reside in Canada,
- your enrolment or application has been approved by the insurer (your eligibility may be subject to meeting evidence of insurability requirements, see the 'Evidence of Insurability' section in this booklet), and
- your insurance premiums are paid.

Dependent Eligibility

Spouse

A person (regardless of gender) is eligible as your 'dependent spouse' if you are lawfully married to that person. For the purpose of obtaining dependent spousal coverage under your group benefits plan, your enrolment must provide written designation of this person as your spouse. If you marry after your initial enrolment and spousal coverage is required, you must submit written application for such coverage within 31 days of the date of your marriage.

Common-law Spouse

A person (regardless of gender) is eligible as your 'dependent common-law spouse' if you have cohabited with that person for at least 12 months (the 'minimum cohabitation period') and the person has been publicly represented as your common-law spouse or partner. For the purpose of obtaining coverage under your group benefits plan, your enrolment must provide written designation of this person as your common-law spouse. If, at the time of your initial enrolment, you have not yet satisfied the minimum cohabitation period, but subsequently do satisfy it and coverage for your common-law spouse is required, you must submit written application for such coverage within 31 days of the date of satisfying the minimum cohabitation period.

NOTE: The spouse/common-law spouse who is cohabiting with the employee is the sole spouse/common-law spouse eligible to be designated as a dependent.

GENERAL PROVISIONS

Dependent Child

A person is eligible as your 'dependent child' if the child is:

- under age 21,
- not working full-time,
- legally and financially dependent on you for support (excluding foster children or wards),
- your natural or legally adopted child, your step-child, or is your common-law spouse's child residing with you, (provided that your common-law spouse has satisfied the minimum cohabitation period), and
- not married.

You may *apply for* an extension of coverage for a dependent child if:

- Your child is a **student** in full-time attendance at a recognized college or university and is under age 25. Your written application must be submitted to CARRIER 2 within 31 days of your child reaching age 21, along with satisfactory proof *each semester* of your child's status as a student.
- Your child is **disabled** by a permanent mental or physical infirmity, which developed while otherwise eligible as a 'dependent child' as described above.

Your written application (ask for an 'Application for Disabled Child' form and a 'Dependent Group Health Evidence' form) must be submitted to CARRIER 2 within 31 days of your child reaching age 21, along with satisfactory medical proof of your child's permanent incapacity to support himself/herself financially due to a medically diagnosed permanent physical or psychological condition and proof of your child's continued dependence on you for support.

General Eligibility

Any dependent spouse, common-law spouse, or child must be insured under a provincial government health insurance plan and reside in Canada. If a dependent child is a student outside of Canada, the child must still be insured under a provincial government health insurance plan and normally reside in Canada.

Dependent eligibility may be subject to meeting evidence of insurability requirements (see the section titled 'Evidence of Insurability'). Dependent eligibility is also subject to the approval of your own eligibility for coverage as an employee under your group benefits plan.

Your dependents' insurance premiums must be paid to commence and maintain their coverage.

Applying For Coverage

When you enrol or apply for coverage under your group benefits program, it does not necessarily mean you are automatically insured. Any application for yourself or for any of your dependents is subject to approval by the insurer. If your initial application for coverage for yourself is declined, any application for coverage for your dependents is also declined.

You must apply for all coverages available under your group benefits plan.

DEADLINE 31 DAYS: Your enrolment or application for yourself, or any of your dependents must be signed and submitted to CARRIER 2 within 31 days of the date of first satisfying the eligibility requirements as outlined in this booklet.

If your group plan includes Extended Health Care and/or Dental Care coverage, the following applies:

GENERAL PROVISIONS

- a) At the time of your enrolment, if you are not insured for comparable benefits under a group plan carried by your spouse/common-law spouse, you must apply for this coverage under your group benefits plan.
- b) At the time of your enrolment, if you are already insured for comparable benefits under a group plan carried by your spouse/common-law spouse, you have the option to waive (opt-out of) this Extended Health and/or Dental coverage. Your waiver of coverage must be confirmed in writing, by completing and signing the designated section of the Enrolment Form.
- c) If coverage terminates under your spouse's/common-law spouse's Extended Health Care and/or Dental plan after you have waived your coverage, you are eligible to reapply for your own such coverage under this group benefits plan. You must apply for and submit your written application within 31 days of the date your spouse's/common-law spouse's coverage terminates. You must indicate whether you wish single coverage, or family coverage for any eligible dependents. If any application is not signed and submitted to CARRIER 2 before the 31 day deadline, it is considered a late application.

Late Applications:

If the 31 day deadline is missed, the application is deemed late. You and/or any eligible dependents who are late applicants will be required to provide 'Evidence of Insurability'. (See the next section.)

Evidence of Insurability

'Evidence of Insurability' may be required by the insurer, before a decision is made as to whether or not you and/or your dependents are eligible for the desired coverage under your group benefits program.

When Health Evidence is Required

- You or your dependent submitted a *late application* (See the preceding section).
- The terms of your group benefits plan require that all employees must provide Evidence of Insurability for any group benefits coverage. You will be advised if this applies to you.
- The amount of coverage applied for exceeds the 'non-evidence maximum' (NEM). This can happen at enrolment, *or when your employer reports an increase in your insurable income (see 'Insured Earnings')*. The NEM is the maximum benefit allowable without evidence of insurability, as specified by the relevant Schedule of Benefits in this booklet. If your application for the desired excess coverage is declined, you continue to be eligible for any existing coverage you may already hold.

Any time Evidence of Insurability is required, you must fully complete and sign the insurer's medical health evidence form, which provides the applicable insurer with current health information.

The applicable form must be received at Carrier 2 office within 60 days of the date it was completed and signed. Otherwise the information will be considered to be outdated, and you or your dependent will be required to reapply.

Medical evidence of health is necessary for the insurer to review, to determine if guidelines have been met for insurability and if you qualify for coverage. Upon receipt and review of any medical health information, the insurer reserves the right to seek additional medical information for evaluation, before making its final determination with regard to granting coverage. Any charges incurred to obtain additional medical information may be the responsibility of the employee.

GENERAL PROVISIONS

NOTE: No insurance coverage will take effect until all required information is submitted, reviewed and approved. You will receive written notice of the insurer's decision with regard to granting coverage. If coverage is approved, your notice will include the effective date of coverage.

Effective Date of Coverage

Provided that:

- you and any dependents satisfy all eligibility requirements,
- you are actively at work on the date coverage is due to take effect,
- your enrolment or application is signed and submitted to CARRIER 2 within the 31 day deadline, and • coverage has been approved by the insurer; then coverage for you and any dependents takes effect on the later of:
 - the date you have completed the waiting period as specified by the applicable Schedule of Benefits for the coverage, or
 - the date the application for coverage is approved by the insurer, if Evidence of Insurability is required.

If you are not actively at work on the date your coverage is due to take effect, then coverage for you and any dependents will not take effect until all eligibility requirements are satisfied, including the waiting period. There are certain situations where an absent employee may be required to re-satisfy the waiting period.

If any eligible dependent is hospital confined on the date their coverage is scheduled to take effect, they will not have their dependent coverage take effect until the first date immediately following their discharge from the hospital. (However a dependent child born in hospital is eligible for immediate coverage.)

Insured Earnings

For some coverages, your Schedule of Benefits may refer to a 'Benefit Formula'. Each formula, unless it is a flat amount, is applied to your *insured earnings* to establish the amount of your benefit.

'*Insured Earnings*' in this booklet refers to your *regular annualized* earned income paid to you and reported to CARRIER 2 by your employer; and for which premiums have been paid. It is solely this income which is insurable.

Commissioned Employees

If your *regular* annualized income is derived in whole or in part from commissions, your insured earnings include the average of the commission income you earned over a 12 month period, reported annually to CARRIER 2 by your employer.

Excluded Income

In all instances, income received from any bonuses, overtime pay, dividends, expense allowances or other extra compensation is excluded and *not* insurable.

Monthly or Weekly Insured Earnings

Wherever the insured earnings are referred to as monthly, 1/12 of your regular annualized earnings will be applied. For weekly insured earnings, 1/52 of your regular annualized earnings will be applied.

GENERAL PROVISIONS

Verifying Insured Earnings

At the time a claim is incurred:

- If you have been employed for less than one year, your insured earnings will be determined by averaging your regular income earned, during the period from the date you were first employed until the date the claim is incurred.
- The insurer reserves the right to verify any salary, wages or earnings reported to CARRIER 2 as insurable income, by reviewing payroll and/or tax records such as T4-T4A slips, before the claim is payable.

NOTE: Your employer is responsible for the prompt reporting and updating of your insurable income to CARRIER 2, so that the amount of your benefit coverage is kept current.

If Income has been Overstated or Understated

If it is found that your insurable income has been *overstated*, benefit coverage will be reduced accordingly. Subject to administrative/contractual guidelines, some situations may allow for a refund of a portion of overpaid premiums.

If it is found that your insurable income has been *understated*, benefit coverage must remain at the level reported by your employer and for which premiums have been paid.

NOTE: Registered Plan Members can confirm their earnings based coverage online through the Plan Member 'Sign In' page, or you may also check this information at any time with your employer and/or by sending your personal written request to CARRIER 2.

Changes Affecting Your Coverage

CARRIER 2 requires written notice of changes such as:

- a change in your income, per the previous 'Insured Earnings' section,
- a change in your beneficiary. Any time your personal circumstances change, you should review your beneficiary designation. Make any desired changes immediately, to ensure your wishes are met. A fully completed 'Change of Beneficiary' form is required with your signature, a witness' signature, and the date.
- a change in your marital or common-law status,
- a change in your name,
- any additional dependent child (with date of birth),
- any change in status of a dependent child,
- a loss of your extended health or dental coverage under your spouse's/common-law spouse's plan,
- a change from family to single coverage (or vice versa) for Extended Health Care, Dental and/or Dependent Life benefits,
- a change in your occupation or job title,
- a change in the division or class of employees to which you belong,
- a change in your regular hours of work,
- any work absence due to lay-off, strike, leave of absence, maternity/parental leave, or disability,
- a change in your employment status.

The above changes are examples only. They represent the most common changes you are likely to encounter.

GENERAL PROVISIONS

DEADLINES for REPORTING CHANGES: In many cases there is a 31 day deadline for notice of changes, as outlined under relevant sections of this booklet. To avoid problems caused by a late notice or a missed deadline, it is advisable to immediately provide written notice of any change to CARRIER 2 directly (for personal information) or via your employer (for employment information).

NOTE: Written notices and forms may be emailed or faxed to Carrier 2 Group Administration department. You will be advised if original papers are required.

Termination of Coverage

Your coverage and the coverage of your eligible dependents will terminate on the *earliest* of:

- the date your employment terminates,
- the date of your scheduled retirement with your employer,
- the date you cease to be actively at work, for reasons including but not limited to strike, lay-off, leave of absence, or other work stoppage (for certain benefits only, limited coverage may be extended during a short lay-off period or maternity/parental leave, with Carrier 2 prior approval and subject to contractual terms),
- the date you cease to meet any of the eligibility requirements for coverage,
- the date you reach the 'Coverage Termination Age' or other date specified by the relevant coverage's Schedule of Benefits in this booklet,
- the date of death,
- the date premium payments for the coverage ceases,
- the date your employer terminates the coverage,
- the date of commencement of military service, or participation in active duty or service in the armed forces of any government or country,
- the date of termination of the relevant group insurance policy or benefit plan.

Legal Actions

No action or proceeding at law or in equity shall be brought to recover on the policy prior to the expiration of sixty (60) days after written proof of loss has been furnished in accordance with the requirements of the policy.

For Alberta and British Columbia residents: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act.

For Manitoba residents: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in The Insurance Act.

For Ontario residents: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Limitations Act, 2002.

Otherwise, every action or proceeding must be brought within one year from the date of loss or such longer period as may be required under the laws of the insured person's province of residence.

SCHEDULE OF BENEFITS

This Schedule is to be read in combination with the General Provisions and

BASIC LIFE INSURANCE

Basic Life Details in this booklet.

BASIC LIFE BENEFITS

Life Benefit Formula	\$50,000

- Late applicants approved for Dental coverage are limited to a maximum \$250 of coverage for their first 12 months

BASIC LIFE INSURANCE

BASIC LIFE DETAILS

The Basic Life Schedule of Benefits in this booklet summarizes your coverage. The details in this section of your booklet explain the various related benefits available, along with any limitations and exclusions, and any options for conversion.

Inquiries

Carrier 2 Group Life Insurance Department is here to help you with any questions you may have. The insurer's claim forms and additional information and assistance can be obtained by contacting us. We can be reached by calling 519-669-1632 (local) or at 1-877-888-CARRIER 2(7926).

Claims

Claims for any benefits under the Basic Life Insurance must be submitted to the insurer within 180 days of the date of occurrence. Failure to claim and furnish proof within this time will not necessarily invalidate or reduce any claim, if it is shown that proof was furnished as soon as was reasonably possible, but in no event shall claims be accepted more than 12 months after first becoming eligible for a benefit.

Beneficiary

The Basic Life Insurance benefit is payable to the beneficiary (or beneficiaries) you name in writing, when you enrol or apply for coverage. In the event of death, satisfactory proof of an employee's death, which has occurred while insured, will be required, along with proof of title of the claimant (the beneficiary).

Subject to any legal restrictions, you may change your designated beneficiary or beneficiaries at any time. You must complete and sign a 'Change of Beneficiary' form, which includes the signature of a witness and the date. If you do not designate a beneficiary, the insurance on your life shall be paid to your estate.

For Ontario residents: If you made a beneficiary designation for benefits provided by your previous benefits carrier, this designation is automatically transferred under this contract, unless you change this designation by submitting a Beneficiary Designation form to your benefits administrator.

Repatriation Benefit

If death occurs at least 100 kilometres away from your principal city of residence, this benefit provides for expenses actually incurred for the preparation and transportation of an insured employee's body from the site of death to your principal city of residence, up to a maximum of \$10,000.

Living Assistance Benefit

The living assistance benefit is available only if you are terminally ill and in need of financial assistance. It is an advance payment of 50% of your Basic Life Insurance coverage amount, up to a maximum of \$50,000. At the time

BASIC LIFE INSURANCE

of your death, your designated beneficiary's Basic Life benefit will be reduced by the amount advanced to you, including interest accrued until your date of death.

Requirements include but are not limited to medical documentation that life expectancy is predicted to be 12 months or less. Your application for this benefit must be submitted to the insurer at least 24 months prior to the date or age your Life coverage is scheduled to terminate. Your application will also require the written agreement of your Employer. It will be subject to review by the insurer, to ensure medical evidence and other requirements of the policy are met, before approving payment of this benefit.

Further details of the requirements and procedures may be obtained from the insurer through CARRIER 2.

Disability Waiver of Premium Benefit

If you become Totally Disabled prior to age 65, you may be eligible for a Disability Waiver of Premium benefit. This benefit allows your Basic Life Insurance coverage to continue without payment of premiums.

This benefit continues until the earliest of the date you return to work, your eligibility for disability benefits is terminated, you have reached your date of retirement, or you have reached age 65.

You must submit a written claim

You need to submit a claim of Total Disability to the insurer to be considered for this benefit. Claim forms can be obtained by contacting the **CARRIER 2 Disability Management** division. The insurer will review your claim and provide written notice of their decision with regard to your eligibility.

Total Disability

If you happen to have Long Term Disability (LTD) coverage under your group benefits plan provided via CARRIER 2; and if your LTD claim has been approved by the insurer, premium charges for your Basic Life insurance will be waived along with your LTD premium (as of the first premium falling due after the effective date of your monthly disability income benefit).

If you do not have LTD coverage, your claim for the Disability Waiver of Premium benefit must prove your inability to work for at least *6 continuous months* due to Total Disability, to the extent that your Medically Diagnosed Condition is of such severity it renders you unable to engage in *any* occupation or work of any sort for wage, remuneration or profit, for which you are able or may reasonably become able, by means of education, training or experience. If your Disability Waiver of Premium claim is approved by the insurer, premium charges will be waived as of the first premium falling due after six months of Total Disability.

Option to Convert on Termination of Coverage

If your Basic Life group insurance coverage has been terminated, (e.g. at termination of employment or termination of eligibility) and you are under age 70, you may be entitled to convert your group Life insurance coverage, without the need to provide evidence of insurability, to an individual policy for yourself on a personal premium paying basis.

Any individual policy issued will not include provisions for total disability, accidental death, or any other special benefit.

BASIC LIFE INSURANCE

31 Day Deadline

Your written application to convert and the first month's premium must be submitted to the insurer *within 31 days* of the date of termination of your group Basic Life Insurance coverage.

IMPORTANT: It is your responsibility to meet the deadline of 31 days from your group coverage termination date, in order to take advantage of your opportunity to convert. The insurer and CARRIER 2 are under no obligation to advise eligible employees of their right to convert.

If you wish to convert, contact Carrier 2 Group Life Insurance department as soon as possible for assistance.

Amount

The amount of individual life insurance coverage is limited to the lesser of:

- the amount of group Basic Life coverage under which you were insured as of the date it was terminated, less the full amount of group life insurance for which you may be eligible under a new group benefits plan with a new employer when you are exercising your right to convert, or
- \$200,000.

Limitations

If you are still with the same employer, but your employer has terminated the Basic Life coverage for its employees under this group benefits plan, or the insurer's policy is terminated, then only those employees who have been insured under this group benefits plan's Life coverage for at least *five continuous years* will have the right to convert.

Under these circumstances, the amount of your individual life insurance is limited to the lesser of:

- any difference in the amount of Basic Life insurance which is not covered under any replacement group insurance policy with another insurer, or
- an amount of coverage not exceeding three times the year's Maximum Pensionable Earnings as established under the Canada Pension Plan.

If Death Occurs

If death occurs during the 31 day period in which you are entitled to convert, the insurer will pay the amount of Basic Life insurance for which you were eligible to convert.

ACCIDENTAL DEATH & DISMEMBERMENT

AD&D DETAILS

The AD&D Schedule of Benefits in this booklet summarizes your coverage. The details in this section of your booklet explain the various related benefits available, along with any limitations and exclusions.

Inquiries

Carrier 2 Group Life Insurance Department is here to help you with any questions you may have. The insurer's claim forms and additional information and assistance can be obtained by contacting us. We can be reached by calling 519-669-1632 (local) or at 1-877-888-CARRIER 2(7926).

Claims

In the event of a claim, notice of claim must be given to the insurer within 30 days from the date of the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible, but in no event later than two (2) years from the date of occurrence. The actual loss itself must occur within one (1) year from the date of the accident.

Coverage

The plan offers you full 24-hour protection against accidents, on or off the job, on business, on vacation, at home, regardless of your health history.

In the event of your death, the Benefit Amount is payable to the beneficiary you have named under your Group Life Insurance Plan or in the absence of such designation, to your Estate.

Schedule of Losses

Accidental Death & Dismemberment

If such injuries shall result in any one of the following specific losses within one year from the date of the accident, the insurer will pay the percentage of the Principal Sum, based on the Benefit Formula and Maximum Coverage stated under the AD&D Schedule of Benefits, however, that not more than one (the largest) of such benefits shall be paid with respect to injuries resulting from one accident.

Loss	% of Principal Sum
Loss of Life -----	100%
Loss of Both Hands or Both Feet -----	100%
Loss of Entire Sight of Both Eyes -----	100%
Loss of One Hand and One Foot -----	100%
Loss of One Hand and Entire Sight of One Eye -----	100%
Loss of One Foot and Entire Sight of One Eye -----	100%
Loss of Speech and Hearing in Both Ears -----	100%
Brain Death -----	100%
Loss of Use of Both Arms, Both Hands, Both Legs or Both Feet -----	200%
Quadriplegia -----	200%

ACCIDENTAL DEATH & DISMEMBERMENT

Loss	% of Principal Sum
Paraplegia -----	200%
Hemiplegia -----	200%
Loss of One Arm or One Leg -----	75%
Loss of Use of One Arm or One Leg -----	75%
Loss of One Hand or One Foot -----	75%
Loss of Entire Sight of One Eye -----	75%
Loss of Use of One Hand or One Foot -----	75%
Loss of Speech or Hearing in Both Ears -----	75%
Loss of Thumb and Index Finger of Same Hand -----	33 1/3%
Loss of Use of Thumb and Index Finger of Same Hand -----	33 1/3%
Loss of Four Fingers of Same Hand -----	33 1/3%
Loss of Hearing in One Ear -----	33 1/3%
Loss of All Toes of Same Foot -----	25%
Loss of Thumb or Index Finger -----	25%

'Loss' shall mean with respect to hand or foot, the actual severance through or above the wrist or ankle joint; with respect to arm or leg, the actual severance through or above the elbow or knee joint; with respect to eye, the total and irrecoverable loss of sight; with respect to speech, the total and irrecoverable loss of speech which does not allow audible communication in any degree; with respect to hearing, the total and irrecoverable loss of hearing which cannot be corrected by any hearing aid or device; with respect to 'Loss of Thumb and Index finger of Same Hand' or 'Loss of Four Fingers of Same Hand', the actual severance through or above the metacarpophalangeal joints of the same hand (the joints between the fingers and the hand); with regard to toes, the actual severance through or above the metatarsophalangeal joints (the joints between the toes and the foot) of the same foot. If the insured suffers complete severance of a hand, foot, arm or leg as described above, then the insurer will pay the amount specified in the Schedule of Losses even if the severed limb is surgically reattached, whether successful or not.

'Loss' as used with reference to quadriplegia (paralysis of both upper and lower limbs), paraplegia (paralysis of both lower limbs), and hemiplegia (total paralysis of upper and lower limbs of one side of the body), means the complete and irrecoverable paralysis of such limbs, provided such loss of function is continuous for twelve consecutive months and such loss of function is thereafter determined on evidence satisfactory to the insurer to be permanent.

'Loss of Use' shall mean the total and irrecoverable loss of function of an arm, hand, foot, or leg, provided such loss of function is continuous for twelve consecutive months and such loss of function is thereafter determined on evidence satisfactory to the insurer to be permanent.

'Brain Death' means irreversible unconsciousness with total loss of brain function; and complete absence of electrical activity of the brain, even though the heart is still beating.

Quadriplegia, Paraplegia, Hemiplegia and Loss of use losses are subject to an all policies combined maximum benefit amount of \$1,000,000.

Repatriation Benefit

When injuries covered by this plan result in a loss of life outside 150 km from your city of permanent residence or outside Canada and the loss of life occurs within 365 days from the date of the accident, the insurer will pay the

ACCIDENTAL DEATH & DISMEMBERMENT

actual expense incurred for preparing the deceased for burial and shipment of the body to the city of residence of the deceased, but not to exceed \$15,000.

Rehabilitation Benefit

When injuries result in a payment being made by the insurer under any benefit excluding the Loss of Life benefit, the insurer will also pay the reasonable and necessary expenses actually incurred up to a limit of \$15,000 for special training provided:

- a) such training is required because of such injuries and in order for you to become qualified to engage in an occupation in which you would not have been engaged except for such injuries;
- b) expenses are to be incurred within two years from the date of the accident;
- c) no payment will be made for ordinary living, travelling, or clothing expenses.

Family Transportation Benefit

When injuries result in your confinement as an in-patient in a hospital outside 150 km from your city of permanent residence or outside Canada and requires personal attendance of a member of your immediate family as recommended by the attending physician, in writing, the insurer will pay for the expense incurred by your family member, for the transportation by the most direct route by a licensed common carrier to you, while confined, but not to exceed an amount of \$15,000.

'Member of your immediate family' means your spouse, (legal or common-law), parents, grandparents, children, over age 18, brother or sister.

Spousal Occupational Training Benefit

This benefit is available if injuries to you result in a payment being made by the insurer under a covered Loss/Loss of Use (including Loss of Life); and if it is mutually agreed that as a result of the covered loss, your spouse or common-law spouse requires occupational retraining to engage in an occupation for which he or she would not otherwise have sufficient qualifications.

Expenses actually incurred by your spouse for tuition and/or books, up to a maximum of \$10,000, are covered. The benefit is payable to you the insured Employee, or in the event the covered loss is your Accidental Death, to your spouse. Incidental expenses such as charges for meals, room, board or other ordinary living, travelling or clothing costs are not covered. Expenses must be incurred within three years from the date of the accident. Further details and pre-approval must be obtained from the insurer via CARRIER 2.

Home Alteration and Vehicle Modification Benefit

In the event you sustain an accidental injury which results in a payment being made under the Schedule of Losses, excluding the Loss of Life Benefit, and such injury subsequently requires the use of a wheelchair to be ambulatory, the insurer will pay the reasonable and necessary expenses actually incurred within two years from the date of the accident for:

1. the one-time cost of alterations to your principal residence to make it wheelchair accessible and habitable; and
2. the one-time cost of modifications necessary to a motor vehicle utilized by you to make the vehicle accessible or driveable for you.

Benefit payments will not be paid unless:

ACCIDENTAL DEATH & DISMEMBERMENT

- (i) home alterations are made by a person or persons experienced in such alterations and recommended by a recognized organization, providing support and assistance to wheelchair users; and
- (ii) vehicle modifications are carried out by a person or persons with experience in such matters and modifications are approved by the Provincial vehicle licensing authorities.

The maximum payable under both Items 1 and 2 combined will not exceed the maximum benefit of \$10,000. Further details and pre-approval must be obtained from the insurer via CARRIER 2.

Day Care Benefit

If you suffer a loss of life in a covered accident while your coverage under the policy is in force, the insurer will pay, in addition to all other benefits payable under the policy a 'Day Care Benefit' equal to the reasonable and necessary expenses actually incurred, subject to the lesser of 5% of your Principal Sum or a maximum of \$5,000 per year, on behalf of your dependent child who is enrolled in a legally licensed Day Care centre on the date of the accident or who enrolls in a legally licensed Day Care centre within 365 days following the date of the accident.

The 'Day Care Benefit' will be paid each year for 4 consecutive years, but only upon receipt of satisfactory proof that your child is enrolled in a legally licensed Day Care centre.

'Dependent Child' with respect to the Day Care Benefit means either a legitimate or illegitimate child, adopted child, step-child or any child who is in a parent-child relationship with you and who is twelve (12) years of age and under and dependent upon you for maintenance and support.

Seat Belt Benefit

In the event you sustain an injury which results in a payment being made under the Schedule of Losses, your Loss benefit will be increased by 10% to a maximum of \$25,000 if, at the time of the accident, you were driving or riding in a Vehicle and wearing a properly fastened Seat Belt.

Due proof of Seat Belt use must be provided as part of the written proof of loss.

'Vehicle' means a private passenger car, station wagon, van, or jeep-type automobile.

'Seat Belt' means those belts that form a restraint system.

Special Education Benefit

If you suffer a loss of life in a covered accident while your coverage under the policy is in force, the insurer will pay, in addition to all other benefits payable under the policy, a 'Special Education Benefit' up to 5% of your Principal Sum, (subject to a maximum of \$5,000 per year), on behalf of any dependent child who, on the date of the accident, is enrolled as a full-time student in any post-secondary institution beyond the 12th grade level, or was at the 12th grade level and subsequently enrolls as a full-time student in an institution of higher learning within 365 days following the date of the accident.

The 'Special Education Benefit' is payable annually for a maximum of four consecutive annual payments but only if the dependent child continues his/her education as a full-time student in an institution of higher learning. Annual proof of re-enrolment and continuance of full-time student status will be required.

If no eligible dependent child meets the requirements for the Special Education Benefit at the time the employee's Accidental Death, a one-time benefit amount of \$1,000 is added to the Principal Sum paid to the beneficiary (irrespective of the number of dependent children).

ACCIDENTAL DEATH & DISMEMBERMENT

AD&D Conversion Privilege

On the date of termination of employment or during the 31-day period following termination of employment, you may convert your AD&D insurance to an individual insurance policy of the insurer. The individual policy will be effective either as of the date that the application is received by the insurer or on the date that coverage under the group policy ceases, whichever occurs later. The premium will be the same amount as any person would ordinarily pay when applying for an individual policy at that time. Application for an individual policy may be made at any office of the insurer. The amount of insurance benefit converted shall not exceed that amount issued during employment up to an all policies combined maximum of \$200,000.

Waiver of Premium

If an Insured Employee, under age 65, becomes Totally Disabled for six (6) consecutive months and the Insured Employee provides evidence of Total Disability satisfactory to the insurer, the insurer will then waive the payment of each premium which falls due with respect to the Insured Employee and any insured dependents. Subject to all the terms and conditions of the policy, waiver of any premium as herein provided will continue with respect to the Insured Employee until age 65 or earlier termination of coverage. If the Insured Employee ceases to be disabled and returns to active employment with their Employer and is a member of an eligible class, insurance with respect to the Insured Employee may be continued upon resumption of premium payments.

If an Insured Employee receives approval of any Long Term Disability claim provided under a policy of group insurance through the Employer, the insurer will then waive the payment of each Accidental Death and Dismemberment insurance premium subject to the terms stated above.

Recurrent Disabilities

When an Employee becomes Totally Disabled again from the same or related causes within 6 months of cessation of the Waiver of Premiums, then all such recurrences will be considered a continuation of the same disability and the insurer will waive the 6 month qualification period.

If the same disability recurs more than six (6) months after cessation of the Waiver of Premiums, such disability will be considered a separate disability. Two disabilities which are due to unrelated causes are considered separate disabilities if they were separated by a return to work of at least one (1) day.

Termination of Waiver of Premium

Waiver of Premiums will cease on the earliest of:

- a) the date the Employee ceases to meet the policy's definition of Totally Disabled,
- b) the date the Employee does not supply the insurer with appropriate medical evidence as deemed necessary by the insurer,
- c) the date the Employee is no longer receiving regular, ongoing care and treatment of a Physician appropriate for the disabling condition, as determined by the insurer,
- d) the date the Employee does not attend a medical, psychiatric, psychological, functional, educational and/or vocational examination evaluation by an examiner selected by the insurer,
- e) the date the Employee's coverage terminates or the policy terminates,
- f) the date the Employee turns 65; or
- g) the date the Employee dies.

ACCIDENTAL DEATH & DISMEMBERMENT

Coverage During Waiver of Premium

While premiums are being waived, Basic Accidental Death and Dismemberment Insurance under the policy on the Employee will continue to be in force. The amount of such Insurance will be the amount of insurance that was in effect on the date of commencement of the disability, subject to any age reduction or termination shown in the policy.

Identification Benefit

In the event accidental Loss of Life is sustained by you not less than one hundred and fifty (150) kilometres from your normal place of residence and identification of the body by a Member of the Immediate family has been requested by the police or a similar governmental authority, the insurer will reimburse the reasonable expenses actually incurred by such member for:

- a) transportation by the most direct route to the city or town where the body is located; and
- b) hotel accommodation in such city or town, subject to a maximum duration of three (3) days.

The reimbursement of such expenses incurred is subject to the accidental loss of life indemnity being subsequently payable in accordance with the terms of the policy following the identification of the body as the Insured Person. The maximum amount payable will not exceed \$15,000 for all such expenses.

Payment will not be made for board or other ordinary living, travelling or clothing expenses, and transportation must occur in a vehicle or device operated under a license for the conveyance of passengers for hire.

Benefits payable under this section will be limited to only one (1) policy in the event this benefit is contained in two (2) or more policies issued by the insurer and which also cover the Insured Person.

In-Hospital Indemnity

In the event you sustain an injury which results in a payment being made under the Schedule of Losses excluding the Loss of Life Benefit and you are hospital confined as an in-patient and are under the care of a legally qualified and registered physician or surgeon other than yourself, the insurer will pay for each full month, one percent (1%) of your Principal Sum, subject to a maximum benefit of \$2,500, or one-thirtieth of such monthly benefit for each day of partial month, retroactive to the 1st full day of such confinement but not to exceed 365 days in the aggregate for each period of hospital confinement.

'Hospital' as used herein means a legally constituted establishment which meets all of the following requirements: (1) operates primarily for the reception, care and treatment of sick, ailing or injured persons as in-patients; (2) provides 24 hour a day nursing service by registered or graduate nurses; (3) has a staff of one or more licensed physicians available at all times; (4) provides organized facilities for diagnosis and surgical facilities; and (5) is not primarily a clinic, nursing home or convalescent home or similar establishment nor, other than incidentally, a place for alcoholics or drug addicts.

'In-Patient' means a person admitted to a hospital as a resident or bed-patient and who is provided at least one day's room and board by the hospital.

Bereavement - Psychological Therapy Benefit

When accidental injuries covered by the policy result in loss of life within 365 days from the date of the accident, the insurer will pay the reasonable and necessary expenses actually incurred by the Spouse and Dependent Children of the Insured Person for up to six (6) sessions of grief counselling, by a Professional Counsellor, subject to a maximum of \$5,000.

ACCIDENTAL DEATH & DISMEMBERMENT

‘Professional Counsellor’ means a therapist or counsellor who is licensed, registered or certified to provide such treatment.

Cosmetic Disfigurement Benefit

If you suffer a third degree burn in a non-occupational accident, the insurer will pay a percentage of the Principal Sum depending on the area of the body which was burned according to the following table:

Body Part	(A) Area Classification	(B) Maximum allowable % for Area Burned	(C) Maximum % of Principal Sum Payable
Face, Neck, Head	11	9%	99%
Hand & Forearm	5	4.5%	22.5%
Either Upper Arm	3	4.5%	13.5%
Torso (Front or Back)	2	18%	36%
Either Thigh	1	9%	9%
Either Lower Leg (below knee)	3	9%	27%

The maximum percent of Principal Sum Payable (C) is determined by multiplying the Area Classification (A) by the Maximum Allowable percent for Area Burned (B). In the event of a 50% surface burn, the Maximum Allowable percent for Area Burned (B) is reduced by 50%. This table only represents the maximum percent of the Principal Sum payable for any one accident. If the Insured suffers burns in more than one area as a result of any one accident, benefits will not exceed a maximum of \$25,000.

Workplace Modification & Accommodation Benefit

In the event you sustain an accidental injury which results in a payment being made under the Schedule of Losses, excluding the Loss of Life Benefit, and such injury results and necessitates the use of special adaptive equipment and/or workplace modification in order to reasonably accommodate your return to active, full-time work with your current employer, the insurer shall pay your current employer, upon your return to active, full-time work, the reasonable and necessary expenses actually incurred by your employer for such adaptive equipment and/or workplace modification, provided:

- a) your employer agrees in writing with the insurer to provide the special adaptive equipment and/or make modifications to the workplace for the purpose of making it accessible and adaptable to your needs;
- b) you acknowledge in writing to the insurer that the performance of the essential duties of your job may be altered;
- c) the proposed special adaptive equipment and/or workplace modification have been approved by the insurer in advance of an expense being incurred by your employer for such equipment or modification.

The insurer shall be afforded the opportunity to examine you to evaluate the appropriateness of the proposed modifications.

This benefit is payable only once in connection with accidental injuries and covered losses suffered by you, regardless of the number of policies, providing coverage for a workplace modification and accommodation benefit, that may be issued by the insurer to you or your employer.

ACCIDENTAL DEATH & DISMEMBERMENT

The *maximum* amount payable for this benefit for all accidental injuries resulting from any one accident is \$10,000 for each insured employee.

Felonious Assault Benefit

In the event you sustain an injury which results in a payment being made under the Schedule of Losses, the insurer will pay an additional \$2,500, if your loss was due to robbery, holdup or attempt thereat involving your employer's property or funds, committed by *other than* a fellow employee or family member, while on the premises of your employer, or while travelling on the business of your employer.

HIV Benefit

If you should sustain an accidental bodily injury in the performance of your duties as required by your employer, which results in the acquiring and testing positive for the Human Immunodeficiency Virus within one year from the date of the accident, the insurer will pay a benefit equal to 10% of your Principal Sum, subject to a maximum of \$25,000 provided the following criterion are met:

- an accident report must be completed specifying the circumstances of the bodily injury and remitted to your employer, within 48 hours of the occurrence; and
- you must submit to a blood test for the Human Immunodeficiency Virus within 48 hours of the accident. The results of this test must then be forwarded to your employer, to be kept on file.

If the initial test is negative and you subsequently test positive for the Human Immunodeficiency Virus within one year of the accident, the applicable benefit payment will be made by the insurer.

Funeral Expense Benefit

When accidental injuries covered by the policy result in loss of life within 365 days from the date of the accident, the insurer will pay the actual expense incurred for customary funeral expenses up to a maximum of \$6,500.

The term 'customary funeral expenses' means the services and materials provided by an undertaker, crematorium or funeral home relative to the burial of the deceased Insured Person and the costs incurred for the purchase of a cemetery plot, tomb or a mausoleum for the burial or internment of the deceased including a plaque, tombstone or monument.

AD&D Exclusions

The plan does not cover any loss, which is the result of:

1. intentionally self-inflicted injuries, suicide or any attempt thereat,
2. war or any act thereof,
3. flying in an aircraft owned or leased by your employer, yourself or a member of your household, or aircraft being used for any test or experimental purpose, firefighting, power line inspection, pipeline inspection, aerial photography or exploration,
4. full-time, active duty in the armed forces,
5. flying as pilot or crew member in any aircraft or device for aerial navigation.

ACCIDENTAL DEATH & DISMEMBERMENT

Exposure and Disappearance

Loss resulting from unavoidable exposure to the elements shall be covered to the extent of the benefits afforded you.

If your body has not been found within one year of disappearance, stranding, sinking or wrecking of the conveyance in which you were riding at the time of the accident, it shall be presumed, subject to all other conditions of the policy, that you suffered a loss of life resulting from bodily injuries sustained in an accident covered under the policy.

General Provisions

Beneficiary

An employee or any spouse has the right to name a beneficiary when he applies for insurance.

It is understood that the beneficiary designation made under the Policyholder's Group Life Insurance Policy shall be recognized as the beneficiary under the policy, unless a further designation has been made that specifically identifies the policy. Failing such designation, all benefits will be paid to the estate of the insured person.

All other indemnities of the policy will be payable to the insured person.

An insured person can change his beneficiary at any time, where permitted by law. The Company assumes no responsibility for the validity of such designation or change of beneficiary.

The beneficiary designation made by the insured person (if any) under the replaced policy has been retained. The insured person should review the existing designation to ensure it reflects his/her current intention.

NOTE: The policy contains a provision removing or restricting the right of the insured person to designate persons to whom or for whose benefit insurance money is to be payable.

Legal Actions

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act, Limitations Act, 2002 (Ontario) or other applicable legislation in the insured's province of residence.

Change of Insurer

An insured person under a former policy may not be excluded from the new policy or be denied benefits solely because of a pre-existing condition limitation that was not applicable or that did not exist in the former policy, or because the person is not at work on the date of coming into force of the new policy.

The insured person and any claimant under the policy has the right, as determined by law applicable in the insured person's province of residence, to obtain a copy of his/her application, any written evidence of insurability (as applicable) and the Policy, on request, subject to certain access limitations.

DEPENDENT LIFE INSURANCE

DEPENDENT LIFE DETAILS

The Dependent Life Schedule of Benefits in this booklet summarizes your coverage. The details in this section of your booklet explain the related benefits available, along with any limitations and exclusions.

Inquiries

Carrier 2 Group Life Insurance Department is here to help you with any questions you may have. The insurer's claim forms and additional information and assistance can be obtained by contacting us. We can be reached by calling 519-669-1632 (local) or at 1-877-888-CARRIER 2(7926).

Claims

Claims for any benefits under the Dependent Life Insurance must be submitted to the insurer within 180 days of the date of occurrence. Failure to claim and furnish proof within this time will not necessarily invalidate or reduce any claim, if it is shown that proof was furnished as soon as was reasonably possible, but in no event shall a claim be accepted more than 12 months after first becoming eligible for a benefit.

Beneficiary

The amount of the Dependent Life Insurance benefit is made payable to the insured employee. The insurer will require due proof of the death of an eligible dependent, occurring while the employee is insured, and that there was insurance on the dependent's life at the time of death.

Stillbirth

If an employee suffers the loss of a dependent child due to stillbirth (gestation age 20 weeks or more), the insured employee will be indemnified for the funeral and related expenses, which for administrative purposes, will be deemed to be an amount equal to the amount of Dependent Life 'Coverage for Child' benefit. The insurer will require due proof of stillbirth of an eligible dependent child, and proof that the employee was insured for dependent coverage at the time of stillbirth.

Disability Waiver of Premium Benefit

If you qualify for a disability waiver of premium benefit under your Basic Life Insurance coverage, your Dependent Life insurance premiums will also be waived and this coverage will be maintained in force.

This benefit continues until the earliest of: the date you return to work, your eligibility for disability benefits is terminated, you have reached your date of retirement, you have reached age 65. If your employer discontinues this coverage through the insurer, or the coverage under the insurer's policy is terminated, your Dependent coverage is automatically terminated and there are no premiums to waive.

No Conversion

If the Dependent Life Insurance coverage under your group benefits plan terminates, this coverage is not eligible for conversion to any individual insurance policy.

LONG TERM DISABILITY

LTD DETAILS

The Long Term Disability Schedule of Benefits in this booklet summarizes specifics of your LTD coverage. This section of your booklet provides more details. All rights and obligations with respect to the Long Term Disability Benefit are governed by the provisions and terms of the master group policy or benefit plan.

INQUIRIES & NOTICES

CARRIER 2Disability Management (a division of CARRIER 2) is here to help you with any notice or inquiry with regard to your LTD claim. CARRIER 2Disability Management can be reached at:

519-669-1632 (local) or at 1-877-888-CARRIER 2(7926)
Direct CONFIDENTIAL fax number at 519-669-5135

For those LTD benefits adjudicated and paid directly by the insurance provider (see 'Providers' at back of this booklet), your claim is submitted to the insurance company for you by CARRIER 2Disability Management, along with verification of your coverage. Once your claim is submitted, if needed, we will help connect you with the appropriate parties at the insurance company.

LTD Elimination Period

'Elimination period' shall mean a period of Disability, as specified by the Participating Employer's Schedule of Benefits under which you are insured, commencing on the initial date you become Disabled.

If you become Disabled on or after the date you cease to be Actively At Work and your insurance is subject to termination according to the 'Termination of an Employee's Insurance' provision of this Policy, you are ineligible for LTD insurance coverage and are ineligible to satisfy the Elimination Period for the purpose of a claim for LTD benefits.

Subject to the Policyholder's prior approval of continued LTD coverage according to the 'Termination of an Employee's Insurance' provision of this Policy, if you become Disabled while not Actively At Work, and you continue to be insured for LTD coverage during a specified period while not Actively At Work, benefits will commence the later of:

1. the first day after completion of the Elimination Period, or
2. the date you are scheduled to return to Active Work, if still Disabled.

While participating in approved Rehabilitative Employment

This plan allows you to attempt a work trial during the Elimination Period without affecting the date you qualify, if your work trial has received prior approval as 'Rehabilitative Employment' by the insurer. A work trial could be reduced hours and/or modified work.

Disability

Definition

When you claim LTD benefits, you must provide satisfactory proof that you are Disabled.

LONG TERM DISABILITY

'Disability' or 'Disabled' shall mean:

1. Where the Participating Employer's Schedule of Benefits for Long Term Disability refers to an **'own occupation'** period followed by **'any occupation'**, **'Disability'** or **'Disabled'** shall mean:

During the Elimination Period (with such 'Elimination Period' duration specified by the Participating Employer's Schedule of Benefits), you have a Medically Diagnosed Condition, which renders you unable to be Actively At Work at the Insured earnings and at the assigned 'own occupation' in which you participated immediately prior to the Elimination Period.

During the period of consecutive and continuous months immediately following the 'Elimination Period' (with such 'own occupation' duration specified by the Participating Employer's Schedule of Benefits), you have a Medically Diagnosed Condition, which renders you:

- Limited to be Actively At Work in the Insured Earnings and at the assigned 'own occupation' in which you participated immediately prior to the Elimination Period; and
- You have a 20% or more loss in Insured Earnings due to the same Medically Diagnosed Condition. Thereafter, the Medically Diagnosed Condition is of such severity it renders you unable to engage in any Gainful Occupation for which you are able or may reasonably become able, by means of education, training or experience.

2. Where the Participating Employer's Schedule of Benefits for Long Term Disability refers solely to **'any occupation'**, **'Disability'** or **'Disabled'** shall mean:

During the Elimination Period you have a Medically Diagnosed Condition, of such severity it renders you unable to engage in any occupation or work of any sort for wage, remuneration or profit for which you are able or may reasonably become able, by means of education, training or experience.

Thereafter, you have a Medically Diagnosed Condition, of such severity it renders you to be unable to engage in any Gainful Occupation for which you are able or may reasonably become able, by means of education, training or experience.

'Part-time Basis' shall mean your ability to work and earn between 20% and 80% of your Insured Earnings.

'Gainful Occupation' shall mean:

- An occupation that is or can be expected to provide you with a Salary that exceeds 80% of your Monthly Salary, if you are working;
- An occupation for which you are able or may reasonably become able, by means of education, training or experience, if you are not working.

'Medically Diagnosed Condition' means you must be diagnosed using clinical and/or laboratory testing including but not limited to x-rays, an MRI, bone scan, biopsy, CT scan, a hematological or ultrasonic test, or psychometric testing including MMPI-2, or diagnosis according to a generally accepted system such as the DSM-IV.

Conditions of Disability

- You must be under the active and continuing care of a licensed physician considered appropriate by the insurer and you must be following the treatment prescribed by this physician for your Disability; and

LONG TERM DISABILITY

- Is not engaged in any occupation or engaging in work of any sort for wage, remuneration or profit during the Elimination Period (other than approved Rehabilitative Employment); and
- The availability of work or gainful employment in your own occupation or any occupation is not a factor in determining whether or not you are considered to be Disabled; and
- If, in order to perform your work duties, you must hold a permit, license, registration, certification or other authorizing document, you cannot be considered Disabled solely because your authorizing document may have been withdrawn or not renewed.

Notice of LTD Claim

If you cease work as a result of illness or disability, your Employer should complete and submit the 'Notification of Absence' form within 10 consecutive working days of the date you first ceased work in order to provide CARRIER 2Disability Management notice of your absence.

The deadline to notify CARRIER 2 of your intention to claim LTD benefits is within 30 days of satisfying the LTD Elimination Period.

Applying for LTD Benefits

If you are absent from work due to a Disability and you anticipate that you will be unable to return to work before the end of the LTD Elimination Period, you need to submit a formal claim for LTD benefits.

The proper application forms must be requested directly from CARRIER 2Disability Management. There are three sections:

- The Employee Statement must be completed by yourself
- The Attending Physician's Statement must be completed by your licensed physician
- The Employer Statement must be completed by your employer

You are not obligated to share any confidential medical information with your employer. You may submit your completed Employee Statement and Attending Physician's Statement directly to CARRIER 2Disability Management. Your employer can submit their completed 'Employer Statement' section separately. Your employer is entitled to know you have claimed benefits, along with certain basic information such as the status of your claim, your ability to perform your own occupation or modified work, and your estimated return to work. CARRIER 2Disability Management will answer any questions you or your employer may have in this regard.

DEADLINE: The deadline to submit your completed application forms for Long Term Disability benefits is 90 days immediately following the LTD Elimination Period.

If your claim is past the above deadline, but you are able to prove it was not reasonably possible to submit your claim within the time limit, and if your claim is still submitted within 12 months immediately following your Elimination Period, your claim may not be invalidated. However no claim will be accepted more than 12 months immediately following your Elimination Period, Adjudication & Payment of Your LTD Claim.

Once you submit your claim, all the information provided by you, your employer and your attending physician is carefully reviewed. The insurer may need to gather more information relevant to your claim, such as verifying insurable earnings to confirm the amount of your coverage, or clarifying incomplete or out-dated medical

LONG TERM DISABILITY

information. The insurer must take into account all the terms and provisions of your group policy or benefit plan and your specific coverage, along with all information gathered, when adjudicating your claim.

Upon completion of the adjudication, you will be advised in writing of the decision with regard to your eligibility for payment of the LTD benefit.

On approval of your eligibility for the LTD benefit, monthly payments commence. The first payment is effective from the first calendar day after satisfying your LTD Elimination Period.

Your ongoing eligibility for the LTD benefit continues to be adjudicated for as long as you continue to claim the Long Term Disability benefit for ongoing Disability. The insurer is entitled to request proof of ongoing Disability for any period you are claiming benefits. For example, you may receive periodic requests for updated medical information before a decision is made with regard to extending benefits beyond a certain date or duration of time.

Rehabilitation Program

A Rehabilitation Program may be provided for you after the commencement of payments. The Rehabilitation Program helps with return to work plans, and may include but is not limited to:

- Assessments
- Rehabilitation Services
- Rehabilitative Treatment
- Rehabilitative Employment

Any Rehabilitation Program must be approved by the insurer and is provided at the sole discretion of the insurer.

The duration of the program and any extensions must also be approved by the insurer. Subject to the insurer's approval, the duration of *any* Rehabilitation Program cannot extend beyond the end of your 'own occupation' period, or 24 months from the commencement date of Disability, whichever is later.

Obligation to Participate

You must participate and co-operate in any Rehabilitation Program recommended or approved by the insurer. This means you are required to participate and co-operate with any Assessments, Rehabilitation Services, Rehabilitation Treatment, or Rehabilitative Employment or other services offered or arranged for you under such program.

The monthly LTD benefit ceases:

- if you refuse to participate or co-operate in any Rehabilitation Program recommended or approved by the insurer, including but not limited to any program of a rehabilitative nature offered through any worker's compensation act or similar statute, Auto Plan Benefits, Canada Pension Plan, or other party, which the insurer has approved, or
- the date the approved duration of your Rehabilitation Program ends.

The provision of any services under a Rehabilitation Program will not be construed to extend any period the LTD benefit would otherwise be payable to you, if you are not Disabled and/or if the insurer withholds approval of a Rehabilitation Program, or does not approve an extension to the duration of a Rehabilitation Program.

LONG TERM DISABILITY

LTD Benefit Calculation

The LTD benefit amount and the corresponding premium for your coverage, are based on the Insured Earnings as reported to CARRIER 2 by your employer. Your 'Insured Earnings' are determined as outlined in the General Provisions of this booklet.

The amount of your LTD benefit is affected by the following:

- the 'LTD Benefit Formula' for the monthly benefit amount as specified in the LTD Schedule of Benefits,
- the 'Maximum Monthly Benefit', as specified in the LTD Schedule of Benefits,
- verification of your Insured Earnings,
- the 'Direct Reductions to Monthly Benefit' as listed in the LTD Schedule of Benefits, and
- the 'All Source Maximum' described in the details of this booklet.

At time of claim, all earnings reported to CARRIER 2 for the purposes of establishing the level of insurance coverage are subject to verification. If it is found that you have been over-insured, adjustments are made accordingly to reduce your eligible benefit amount to the correct level.

Direct Reductions

If you receive income from any of the sources listed as direct reductions to your monthly amount in the LTD Schedule of Benefits, this is a straightforward subtraction on a dollar for dollar basis. The amount of your LTD benefit is reduced accordingly. This calculation is done first.

All calculations must then be tested to ensure all your income from all sources does not exceed the 85% All-Source Maximum. Your monthly benefit amount is further reduced if necessary, so that your LTD benefit alone, or in combination with your other sources of income, does not exceed the 85% All Source Maximum.

After verifying the amount of coverage to which you are entitled, applying the direct reductions to your LTD benefit, and testing the amount of your LTD benefit to ensure it does not exceed the 85% All-Source Maximum, the insurer establishes the actual amount of the basic benefit for which you will be eligible to be paid each month. ***The 85%***

All-Source Maximum

Under the Benefit Formula for the monthly benefit amount specified in the LTD Schedule of Benefits, your LTD benefit is subject to any reduction necessary so that the 85% All-Source Maximum is not exceeded.

85% Test

- If your LTD benefit is taxable, your total income from 'All Sources', combined with your LTD payment amount, cannot exceed 85% of your gross insured earnings.
- If your LTD benefit is non-taxable, your total income from 'All Sources', combined with your LTD payment amount, cannot exceed 85% of your net insured earnings after involuntary tax deductions.

With the exception of any disability income you may receive from any personal individual policy/policy rider, your total income from 'All Sources' under the All-Source Maximum includes the total of income, benefits, or compensation which is payable to you or for which you are eligible to be paid from the following sources:

- any disability pension plan income,
- any accident or sickness income plan funded by your employer,
- any group or association disability insurance income plan,

LONG TERM DISABILITY

- any Canada Pension Plan or Quebec Pension Plan disability benefits, excluding benefits payable or for which you are eligible to be paid for any Dependent Children,
- any Canada Pension Plan or Quebec Pension Plan retirement benefits,
- any government worker's compensation legislation,
- any Auto Plan income benefits,
- any damages for disability from any legal action against a third party, which are considered by the insurer to be damages for loss of income,
- any payment you receive from your employer as a result of termination of your employment, excluding severance pay,
- any commission income you continue to receive after the date your Disability commences, and
- any income benefits from any government agency.

NOTE: If you do not qualify for, or receive income from, a source identified above solely because of your failure to apply in a timely or satisfactory manner as advised by the insurer (or you fail to appeal where so advised by the insurer); the insurer reserves the right to reduce your monthly benefit under the applicable direct reduction or All-Source Maximum, by the amount of income which the insurer estimates you would have received, had you applied for such income in a proper and timely manner.

Partial Months

For any partial month, your LTD benefit amount is calculated based on the number of days payable to you in the specified month, divided by the actual number of calendar days in that month.

Rehabilitation Benefit

Under an approved Rehabilitation Program, if you are in Rehabilitative Employment, your LTD benefit will be paid under the Rehabilitation Benefit formula.

The amount your employer pays you for your Rehabilitative Employment is called 'Rehabilitative Earnings':

- If your LTD benefit is taxable, 'Rehabilitative Earnings' means the total gross earnings from your Rehabilitative Employment.
- If your LTD benefit is non-taxable, 'Rehabilitative Earnings' means the total earnings from your Rehabilitative Employment less involuntary income tax deductions.

Under the Rehabilitation Benefit formula, your LTD benefit amount is reduced by 50% of the Rehabilitative Earnings paid to you during the same month the LTD benefit is payable to you.

Maximum

Your Rehabilitation Benefit is subject to further reduction so that your income from all sources (wages from your employer and the Rehabilitation Benefit payable to you, along with any other income) does not exceed 100% of your pre-disability *gross* insured earnings if your LTD benefit is taxable, or does not exceed 100% of your *net* earnings after involuntary income tax deductions if your LTD benefit is non-taxable.

LONG TERM DISABILITY

Pre-existing Condition Exclusion

A **'Pre-existing Condition'** means any undiagnosed medical condition or Medically Diagnosed Condition for which you sought medical investigation, diagnosis, treatment, care, medication or medical advice, within the 90 day period immediately prior to the date your LTD insurance coverage became effective.

Exclusion

No Long Term Disability benefits are approved for any period of Disability which results directly or indirectly from, or was caused by a Pre-existing Condition.

The exclusion does *not* apply if:

- a) you have been insured under this LTD coverage for a period of at least 12 months prior to the commencement of your Disability, or
- b) while insured under this LTD coverage, you have been able to be Actively Working for any 90 consecutive day period, with no absence related to the Pre-existing Condition, or
- c) you were previously insured for similar group LTD coverage carried by your employer, and your previous LTD coverage was replaced within 31 days of its termination by this LTD coverage.

Other Limitations & Exclusions

Long Term Disability benefits are *not payable* if your Disability is caused by or directly or indirectly resulting from any of the following:

- intentionally self-inflicted bodily harm
- insurrection or war (whether war be declared or not)
- participation in any civil riot or commotion, or participation in any act of terrorism,
- participation in a criminal act or an act deemed to be criminal
- medical or surgical treatment which is cosmetic in nature and not necessary, or any other unnecessary medical or surgical treatment. (A medical or surgical treatment is considered unnecessary if such medical or surgical treatment is not covered by any Government Health Insurance Plan)
- any Injury or Sickness for which a Third Party is, or may legally be liable, unless a claim for damages is filed and a reimbursement agreement is signed (see 'Claiming Damages from a Third Party')
- the abuse or excessive use of addictive substances, including but not limited to drugs or alcohol, unless:
 - you are being actively supervised by and receiving continuous treatment from a rehabilitation centre approved by the insurer, or an institution provincially recognized for that treatment, or
 - the duration of your Disability is deemed solely by the insurer as totally unrelated to any ongoing excessive use or addiction, or
 - your Medically Diagnosed Condition is of such severity your Disability is deemed by the insurer to be permanent or irreversible.

Long Term Disability benefits are *not payable during any period* while you are:

- not under the active and continuing care of a licensed physician considered appropriate by the insurer,
- not following the treatment prescribed by the licensed physician for your Disability,
- imprisoned,

LONG TERM DISABILITY

- on Maternity Leave or Parental Leave, except if your employer is required to provide benefits during any portion of your maternity leave as a result of government legislation.

Long Term Disability benefits *will cease* and no further amount will be payable as of:

- the date you refuse to participate or co-operate in any Rehabilitation Program recommended or approved by the insurer, including but not limited to, any rehabilitation program offered or available to you through any workers' compensation act or similar statute, Auto Plan Benefits, or Canada Pension Plan
- the date the approved duration of your Rehabilitation Program ends.

Coverage

You are not eligible to maintain LTD coverage during any period of a strike, lay-off, leave of absence (other than Maternity Leave or Parental Leave), or other work stoppage. Any claim for a Disability which starts during a period where coverage is not active, is ineligible for LTD benefits.

Termination of LTD Payments

Long Term Disability benefit payments will cease the earliest of:

- the date you cease to be considered by the insurer to be Disabled as defined
- the date your LTD benefit payments reach the 'Maximum Benefit Duration', as specified by your LTD Schedule of Benefits
- the attainment of your 65th birth date
- the date of your death
- the date of your scheduled retirement with your employer
- the effective date you receive retirement pension (other than CPP/QPP retirement pension)
- where the Participating Employer's Schedule of Benefits for Long Term Disability refers to an 'own occupation' period followed by 'any occupation' period: during the 'own occupation' period following the Elimination Period you are able to be Actively At Work, at your Insured Earnings and at your assigned 'own occupation' on a Part-Time Basis but choose not to
- after your 'own occupation' period, when you are able to work in any Gainful Occupation on a part-time basis but choose not to
- if you are working while disabled and your Monthly Salary earned while working on a Part-Time Basis exceeds 80% of your Monthly Salary, the date your Salary earned while working on a part-time basis exceeds 80%
- where the Participating Employer's Schedule of Benefits for Long Term Disability refers solely to 'any occupation': when you are able to work in any Gainful Occupation on a Part-Time basis but choose not to
- if you are working and your Monthly Salary earned while working on a Part-Time Basis exceeds 80% of your Monthly Salary, the date your Salary earned while working on a Part-Time Basis exceeds 80%
- the date you refuse to submit to a medical examination by a Physician chosen by the insurer
- the date you refuse to submit to any Assessment
- the date you refuse to participate in any Rehabilitation Program considered appropriate by and approved by the insurer
- the date the insurer deems you have failed to provide satisfactory proof of continuing and ongoing Disability as defined

LONG TERM DISABILITY

Recurrence

Within six months

If, after receiving LTD benefits, you return to Active Work with your employer but you become Disabled again from the same or related cause within six months, you may submit a claim for reinstatement of your LTD benefit without satisfying another Elimination Period. Follow the instructions under 'Applying for LTD Benefits'. They are the same requirements needed for claiming reinstatement, with the exception of satisfying the Elimination Period again.

More than six months

If, after receiving LTD benefits, you return to Active Work with your employer for more than six months and you become Disabled again, you must satisfy the LTD Elimination Period again before you can submit a new claim.

Waiver of LTD Premium Benefit

On confirmed approval of your claim, the monthly group insurance premium charge for your LTD coverage will be waived effective the first day of the first full month which follows completion of your LTD Elimination Period. This Waiver of LTD Premium benefit will remain in effect as long as you qualify for continued benefits under the LTD plan.

LTD premiums are not waived until the insurer's adjudication decision is made and there is confirmation that your eligibility for the LTD benefit is approved.

Claiming Damages from a Third Party

If your Disability is the result of an accident or other cause for which a Third Party is wholly or partially responsible, you have an obligation to take all steps necessary to recover for the insurer, compensation for the cost of the total amount of any benefits you receive under the LTD plan, from the Third Party.

You must inform the insurer of any claim for damages against a Third Party, and enter into a reimbursement agreement with the insurer to refund from any award of damages, the funds the insurer deems are representative of duplication of the total amount of benefits you have received under the LTD plan.

Contact CARRIER 2Disability Management to obtain details of your obligations to the insurer.

Termination of LTD Coverage

Your coverage terminates according to the 'Termination of Coverage' section in the General Provisions of this booklet and your LTD Schedule of Benefits.

When employment is terminated, the Long Term Disability coverage ceases effective the date you are no longer actually present in the workplace and actively performing your duties, irrespective of the formal date your employment may subsequently terminate.

LONG TERM DISABILITY

Limitation of Action

No action or proceeding at law or in equity shall be brought against CARRIER 2or the insurer to recover Long Term Disability benefits prior to the expiration of 60 days after your claim has been submitted to the insurer in accordance with the requirements under the LTD plan, unless brought:

- where Long Term Disability benefits have not been paid to you, within one year from the expiration of the time within which your claim is first required to be submitted, or from the date your claim for LTD benefits is first denied, whichever occurs first, or
- where Long Term Disability benefits have been paid to you, within one year of the date on which your LTD benefit payments have been terminated.

EXTENDED HEALTH CARE

EHC DETAILS

The Extended Health Care (EHC) Schedule of Benefits in this booklet summarizes the main health care expenses covered by your plan for you and any eligible dependents, subject to the deductibles, co-insurance amounts, and benefit maximums. This section of your booklet provides details applicable to each benefit under your plan, such as limitations and exclusions, along with further information not specifically listed in your EHC Schedule.

Inquiries

We are here to help you with any questions you may have. Carrier 2 Health Claims Department can be reached by calling 519-669-1632 (local) or at 1-877-888-CARRIER 2(7926).

EHC Deductible

Any 'EHC Deductible' specified in your EHC Schedule of Benefits is the total amount of eligible expenses you must first personally pay in any calendar year, before you are able to claim reimbursement of eligible health care expenses exceeding that amount.

Eligible health care expenses incurred during the last 3 months of one calendar year and which remain under that year's EHC Deductible amount, can be carried over and applied to satisfying the following year's EHC Deductible amount.

Co-insurance & Benefit Maximum

The amount of EHC benefit payable is determined by:

- any 'EHC Deductible' specified by your Schedule of Benefits,
- the 'Co-insurance' amount, which is the percentage shown on your EHC Schedule,
- any specific deductible amount found in your Schedule under the 'Benefit Maximum' (e.g. there can be a deductible specified per prescription drug),
- the 'Benefit Maximum' specified by your Schedule of Benefits, and
- limits applicable to the specific expense, as outlined in the EHC 'Details' section of this booklet.

Co-ordination of EHC Benefits with Other Plans

If both you and your spouse (includes common-law spouse) are insured under a comparable health plan, benefits payable will be co-ordinated so that the combined total will not exceed 100% of the actual eligible expenses incurred. Benefits are determined and co-ordinated using the following sequence:

Your personal claims and your spouse's claims:

- Claims for yourself should be sent to CARRIER 2first (your plan is the primary insurer).
- Claims for your spouse go to your spouse's plan first (your spouse's plan is the primary insurer).
- Claims for any unpaid balance then go to the secondary insurer, with proof of what the primary insurer paid.

EXTENDED HEALTH CARE

Your dependent children's claims:

- If your day & month of birth in the calendar year is *before* your spouse's, the claim goes to CARRIER 2 first.
- If your day & month of birth in the calendar year is *after* your spouse's, the claim goes to your spouse's plan first.
- Claims for any unpaid balance then go to the secondary insurer, with proof of what the first insurer paid.

If you are separated or divorced, the order of claims for dependent children go first to the plan of the parent who has custody, then any unpaid balance goes first to the plan of the spouse of the parent who has custody, followed by the plan of the parent who does not have custody, followed by the plan of the spouse of the parent who does not have custody. (If you need clarification of this order of claiming, for your own personal circumstances, feel free to call CARRIER 2.)

Eligible EHC Expenses

Expenses are eligible if they are:

- covered by this EHC plan,
- usual and customary costs incurred for medical services or supplies,
- incurred for reasonable and customary treatment of a medically diagnosed condition,
- incurred on the prior recommendation of a licensed physician (except where otherwise indicated),
- incurred on a date while you and/or your dependent are actively insured for the benefit, and
- claimed and received at CARRIER 2 not more than 365 days after the date expenses are incurred (if you are no longer actively insured for the benefit, the deadline for expenses incurred prior to the termination date, is not more than *90 days* after the date the insurance ceases).

Eligible benefits are subject to change as governed by changes to provincial or federal government health/drug plans or regulations

Where your provincial health insurance plan covers only a portion of expenses for a medical service or supply, your claim for the balance of expenses may be given consideration.

Pre-determination of Eligible Expenses

If the total cost of any proposed treatment plan is expected to exceed \$300, it is recommended that you seek a pre-determination from CARRIER 2 of exactly which expenses are eligible, and the amount of benefit which may be payable.

Provide CARRIER 2 with a detailed treatment plan that outlines the type of treatment or care expected. If any medical equipment is required or proposed, submit a written estimate along with a completed 'Attending Physician's Statement' form.

This information will allow CARRIER 2 to advise you of the amount of benefit which may be payable prior to your actual incurring of expenses. (In the case of required equipment, a benefit may only be payable for rental, rather than a purchase.)

EXTENDED HEALTH CARE

It is to your advantage to seek a pre-determination and confirm expenses eligible for reimbursement under this plan, prior to incurring costs for any extensive or expensive treatment or supplies.

General Limitations & Exclusions

In addition to other specific limitations and exclusions applicable to any EHC benefit in this booklet, the following general limitations and exclusions apply to all EHC benefits claims:

- charges for completion of claim forms are excluded
- any expenses incurred for services or treatment provided by a physician, practitioner, or other health care service provider who is related to the patient by birth, by legal or common-law marriage, or who lives in the same residence as the patient
- costs prohibited by government law from being covered are excluded, except to the extent that the government may permit excess reimbursement
- costs covered for the full amount by your provincial or other government health insurance plan are excluded
- services, supplies or treatment which have been removed from a government health plan, and which are not specifically included as an eligible expense under this plan are excluded
- costs covered fully by your spouse's plan as the primary insurer (see 'Co-ordination of your Benefits with other Plans') are excluded
- costs covered by any Worker's Compensation legislation are excluded
- cosmetic treatment is ineligible
- any expenses related to a change in gender are ineligible
- costs in excess of what the insurer deems is a reasonable and customary cost are ineligible
- expenses for which no charge would ordinarily be made if there were no insurance coverage are ineligible
- unreasonable or non-customary treatment of a medically diagnosed condition, as determined by the insurer, is ineligible
- treatment which is experimental in nature is ineligible
- expenses already covered/provided by your employer are excluded
- expenses incurred for routine health examinations, broken appointments, third party examinations or screening, travel are excluded
- communication costs are ineligible
- expenses incurred for any physical or environmental renovations or alterations to a residence, vehicle, or place of business are ineligible, including any costs incurred for the mechanical or electronic filtration or purification of air, water, or other environmental factors
- medical expenses incurred as a result of intentionally self-inflicted injuries or attempted suicide are excluded
- medical expenses incurred as a result of provoking an assault are excluded
- medical expenses as a result of committing or attempting to commit a criminal offence are excluded
- medical expenses incurred as a direct or indirect result of insurrection or war (declared or not), military service, participation in a riot or civil commotion, or participation in any act of terrorism are excluded
- expenses for equipment, treatment or services used primarily for participation in sports or recreation are ineligible

EXTENDED HEALTH CARE

- expenses incurred for dental treatment are excluded, unless dental treatment is required due to a dental accident (see Dental Accidents)
- expenses incurred outside of Canada are excluded

Submitting Claims

Claims can be submitted to CARRIER 2 directly from your pharmacy and/or by the Plan Member.

- **Pharmacy (EDI):** If your pharmacist is unable to remit with your OneCard, you will likely be required to pay the full cost directly to the pharmacist.
- **Plan Member:** You may then claim your drug/medication/health expenses electronically or by mailing the original paid receipt to CARRIER 2 for reimbursement attached to a 'Extended Health Care Claim' form (available from your Plan Administrator or at www.Carrier 2.com under 'Plan Member/Forms'). Please keep your original receipt(s) for one year. Make sure any receipt indicates the patient's name, the date of service, the name of the drug and/or Drug Identification Number (DIN), and the amount charged.

Other instructions:

- Claims should be sent to Carrier 2 Health Claims Department. We process your EHC claims on behalf of the insurer.
- All receipts must indicate the patient's name, the date of service, the nature of treatment and the amount charged.
- If the claim has already been paid by the primary insurer, but you are claiming an unpaid balance of expense through CARRIER 2 under this plan, you must provide complete details of the claim submission including proof of the amount already paid by the other insurer.
- If you are required to satisfy an EHC Deductible, save your receipts until the deductible amount is exceeded, and submit all receipts with your claim for expenses exceeding the EHC Deductible.
- It is your responsibility, at your own cost, to obtain and provide any necessary information required to process your claim or to determine the amount eligible for reimbursement

REMINDER: Details in this section are to be read in combination with your EHC Schedule of Benefits. Each benefit in this section is subject to any co-insurance and benefit maximums stipulated by your EHC Schedule. Along with details in this section, the EHC Schedule may also indicate other conditions to be met for a particular EHC benefit.

Prescription Drug Plan

The Drug Plan covers most drugs, approved by CARRIER 2 or their designate, and prescribed by a physician, dentist or where applicable under provincial law, other qualified health professionals for an illness or injury. Only drugs that legally require a prescription, or non-prescription drugs deemed life-sustaining, with a Drug Identification Number (DIN) and being used for the intended purpose as defined by Health Canada will be considered for reimbursement.

EXTENDED HEALTH CARE

Reimbursement is limited to a 34 day supply per purchase for new prescriptions. A 90 day supply per purchase will be allowed for stabilized maintenance medications and prescriptions.

Eligible Expenses

- diabetic supplies including disposable needles and syringes for the administration of insulin and monitoring devices
- contraceptives, including oral, IUD devices, injectable contraceptives
- allergy serums
- life sustaining drugs

EXTENDED HEALTH CARE

- subject to predetermination and pre-approval, fertility drugs are limited to 50% co-insurance and a lifetime benefit maximum of \$1,500 - services and supplies associated with the diagnosis and/or treatment of infertility such as IVF are not covered
- medically required treatment of erectile dysfunction (ED), limited to 50% co-insurance and a benefit maximum of \$600 per calendar year

Ineligible Expenses

- medications or treatments which can be purchased off the shelf (with or without the written prescription of a physician)
- proprietary or patent medicines
- drugs, ingredients or products that are deemed experimental or investigational
- dietary or health foods, vitamins, or nutritional products
- items related to the use of injectable drugs, such as rubbing alcohol, cotton swabs, automatic jet injectors or other similar equipment
- charges incurred for the administration of any vaccines, serums, or other drug treatments
- contraceptive supplies and any costs for the *fitting* of contraceptive devices (e.g. IUDs)
- smoking cessation aids
- any drugs, hormones, products or injections for the treatment of obesity
- vaccines

Using Your Drug Card

If the pharmacy has an 'Electronic Data Interchange' (EDI) service, present your pharmacist with your insurance drug card and/or wallet certificate to claim. You may encounter minimal charges such as any deductible per prescription item, any difference between the dispensing fee charged by the pharmacist and the dispensing fee maximum as defined by your plan, and any difference between the co-insurance amount and 100%, if the coinsurance is less than 100%. (Refer to your EHC Schedule of Benefits for your own plan details.)

If your pharmacist does not have EDI, you will likely be required to pay the full cost directly to the pharmacist. You may then claim your drug/medication expense by mailing the original pharmacist's paid receipt, attached to a 'Claim for Health Benefits' form, to CARRIER 2 for reimbursement. Make sure any receipt indicates the patient's name, the date of service, the name of the drug and/or Drug Identification Number (DIN), and the amount charged.

Practitioner Services

Refer to your EHC Schedule of Benefits to determine which practitioner services are covered under your plan. Your Schedule will also indicate whether or not certain practitioner services require a referral from a licensed physician in order to be eligible expenses.

Limitations & Exclusions

- a maximum of one necessary x-ray per practitioner per calendar year

EXTENDED HEALTH CARE

- - the practitioner must be duly licensed, registered, or otherwise certified as competent to practice by the appropriate authority in the province in which the care or service is rendered as determined by Carrier 2 Health Claims Department
 - the practitioner must not be related to you or your dependents by marriage or any similar personal relationship (see General Limitations & Exclusions)
 - the practitioner must not be residing with you or your dependents
- No benefit is payable for services already covered by your provincial health insurance plan. However, if the maximum coverage for a practitioner's service under your provincial health insurance plan has been exhausted, your claim for the balance of expenses may be considered

Private Duty Nursing

A Pre-determination of eligibility is *required* for this benefit for a covered employee or dependent. Obtain and submit the 'In Home Nursing Care Questionnaire' form, to be completed by the attending physician.

Expenses for private duty nursing services, outside of a hospital, are eligible if the care is:

- carried out by a registered graduate nurse (R.N.), certified nursing assistant (C.N.A.), registered nursing assistant (R.N.A.), or licensed practical nurse (L.P.N.),
- medically necessary and prescribed by the licensed attending physician, and
- the type of medical care that can only be performed by a qualified R.N., C.N.A., R.N.A., or L.P.N.

Limitations & Exclusions

- no benefit is payable for any nursing services performed in-hospital
- the estimated duration of required private duty nursing care service cannot exceed 12 months
- the nurse must not be related to you or your dependents by marriage or any similar personal relationship
- the nurse must not be residing with you or your dependents
- charges for services rendered during an elective delivery (birth) outside of a hospital are not eligible expenses
- no benefits are payable for costs incurred for homemaking, companionship, or child care services
- no benefits are payable for medical or caregiver services which do not require a qualified R.N., C.N.A., R.N.A., or L.P.N.

Eye Examinations

A charge for an eye examination is eligible if performed by an ophthalmologist or licensed optometrist; and only when the charge for such eye examination is not covered under your government health insurance plan. Assessments for contact lenses are excluded.

Vision Care

Eligible expenses include:

EXTENDED HEALTH CARE

-
- corrective eye glasses, prescription safety glasses[□] or corrective contact lenses *prescribed only by* an ophthalmologist or a licensed optometrist; these may be *dispensed by* an ophthalmologist, licensed optometrist, or qualified optician
- the cost of medical contact lenses if prescribed as a result of a medical condition of the eye when conventional lenses cannot improve visual acuity to at least 20/40
- laser eye surgery required to correct vision, when prescribed by a licensed optometrist or ophthalmologist and performed by a licensed ophthalmologist*.

Limitations & Exclusions

- cosmetic contact lenses are excluded

[□] SP21.12

assessments for contact lenses are excluded

- visual training, orthoptics or other special treatments or surgery of the eye are not eligible expenses
- retail reading glasses or other retail vision products are excluded
- charges for sunglasses, safety glasses, eye glass cases, contact lens solutions, or other miscellaneous vision items or services are not eligible expenses
- specialty or premium lenses for cataract surgery

Hospital Benefits

If you or your eligible dependent require confinement in an Approved Hospital as an in-patient, daily charges exceeding the hospital's daily ward rate are eligible expenses according to the specific hospital accommodation found in your EHC Schedule of Benefits.

Limitations & Exclusions

- any costs incurred for rental of a telephone or television, or other costs for conveniences in connection with a hospital stay, are not eligible expenses An 'Approved Hospital' is:
- any institution legally constituted as a hospital in Canada which is licensed by law and approved by the province in which it is situated,
- having its services and ward rates insured by the province's government health insurance plan,
- primarily provides acute care,
- having on its premises medical, surgical and diagnostic facilities,
- having facilities which are permanent and provide for the full time care of overnight resident patients under the supervision of licensed physicians, and
- having Registered Nurses (R.N.s) on duty 24 hours a day.

Approved Hospitals do not include:

- rest homes, nursing homes, extended care facilities, convalescent homes, places for the aged, or any other institutions providing primarily custodial care
- facilities primarily for the treatment of alcoholism or other substance or drug abuse

EXTENDED HEALTH CARE

• **Convalescent Hospital Benefits**

If you or your eligible dependent require care in a Convalescent Hospital as an in-patient, daily charges exceeding the hospital's daily ward rate are eligible expenses according to the specific accommodation found in your EHC Schedule of Benefits.

Limitations & Exclusions

- confinement is first required in an 'Approved Hospital' for an illness or injury for at least 5 consecutive days, followed within 48 hours of discharge from the Approved Hospital, by a transfer to the convalescent hospital as an in-patient
- the transfer to the convalescent hospital has been prescribed by a licensed physician
- the maximum duration of confinement, as specified in your EHC Schedule of Benefits, is allowable only for treatment of the same or related illness or injury
- any costs incurred for rental of a telephone or television, or other costs for conveniences in connection with a convalescent hospital stay, are not eligible expenses

if, after using the convalescent benefit for any duration of confinement, you suffer a subsequent new unrelated illness or injury, the convalescent hospital benefit is not payable unless another hospital/convalescent hospital confinement is required for a duration of at least 30 consecutive days A 'Convalescent Hospital' is:

- any institution (or distinct part of a hospital or other institution) legally constituted as a convalescent hospital in Canada and which is regularly engaged in providing in-patients with skilled rehabilitative nursing care during the recovery stage of an illness or injury,
- is approved by the province in which it is situated to provide its services,
- has its services and ward rates insured by the province's government health insurance plan,
- has facilities which are permanent and provide for the full time care of overnight resident patients under the supervision of licensed physicians, and
- has Registered Nurses (R.N.s) on duty 24 hours a day.

Convalescent Hospitals do not include:

- rest homes, nursing homes, extended care facilities, convalescent homes, places for the aged, or any other institutions providing primarily custodial care
- facilities primarily for the treatment of alcoholism or other substance or drug abuse
- facilities or institutions for the treatment of any chronic physical or mental illness, including for the care of tuberculosis

Ambulance Service

Expenses for ambulance service are eligible if:

- the service is provided by a licensed ground or air ambulance,
- transportation by ambulance is required for a medical emergency, and
- transportation is to the nearest hospital facility where adequate medical treatment is available.

EXTENDED HEALTH CARE

- Expenses for ambulance services include the fee for one qualified person to medically attend to the covered person while being transported by ambulance; if it has been deemed medically necessary.

Limitations & Exclusions

- costs incurred for ambulance services to transport you home, or to a hospital or medical facility nearer to your home, solely for the purpose of establishing closer proximity to your residence

Foot Orthotics

Foot orthotics must be specifically designed and constructed for the individual's feet and must be prescribed by an orthopedic surgeon, podiatrist, or chiropodist. If an alternate practitioner is used for such service, the practitioner chosen must be approved by the insurer and a licensed physician must prescribe the orthotics.

Orthopedic Shoes

Orthopedic shoes must be medically necessary and specifically designed and constructed for the individual and must be prescribed by and serviced for repairs/adjustments by an orthopedic surgeon, podiatrist, or chiropodist. If an alternate practitioner is used for such service, the practitioner chosen must be approved by the insurer and a licensed physician must prescribe the orthopedic shoes.

EXTENDED HEALTH CARE

Limitations & Exclusions

- expenses incurred for off-the-shelf orthopedic products or shoes are not eligible for benefit payment

Hearing Aids

The costs of hearing aids, including fitting of hearing aids, will be considered if prescribed by a licensed physician. No benefit is payable for charges related to routine maintenance or replacement of batteries for hearing aids.

Medical Services and Supplies

The costs of the following medical services and supplies will be considered:

- oxygen and rental of respiratory equipment
- the initial cost of casts, splints, trusses, braces (excluding dental braces), cervical collars, crutches or surgical supplies needed as a result of an injury or sickness which occurs while insured under this plan and prescribed by a physician
- ostomy/incontinence supplies
- two surgical brassieres each calendar year when medically required because of a total or radical mastectomy, lumpectomy or were born with a deformity
- two pairs of surgical stockings every 6 months[□]
- wigs where medically required as a result of chemotherapy, alopecia, or surgery, to a lifetime maximum of \$500
- Glucometers
- Glucose Monitoring System (GMS) for patients who are using insulin. Limited to a combined annual maximum of \$3000 for GMS device and sensors
- food substitutes that must be administered through a tube feeding process - tube feeding pumps and pump sets are also covered
- laboratory or x-ray expenses which are not covered by your provincial health insurance plan, performed by a duly licensed lab technician

Limitations & Exclusions

- charges related to routine maintenance or replacement of batteries of medical devices are excluded
- no benefits will be payable for lab fees or other miscellaneous costs and services provided by a physician or practitioner in the course of any private practice of medicine
- services or supplies/items for personal comfort, convenience, exercise, safety, self-help or self-control, which are not medically necessary for regular activities, are excluded
- lab or other services or supplies for the primary purpose of the private monitoring of wellness or fitness are excluded

EXTENDED HEALTH CARE

Medical Equipment

The purchase or rental of medical equipment must be certified as medically necessary by a licensed physician, and must be required as a result of an injury or sickness which occurs while insured under this plan, or which occurred while insured for a similar benefit under a previous group insurance plan which was replaced by this plan.

© SP21.12

Purchase or Rental?

The insurer reserves the right to determine whether benefits will be payable for the purchase or rental of any medical equipment. You are advised to obtain a Pre-determination.

Eligible Expenses

- standard (non-electrical) hospital bed
- standard (manual) wheelchair
- T.E.N.S. unit or similar mechanical equipment
- mist tent and nebulizer (excluding humidifiers and vaporizers)
- aerosol equipment
- traction apparatus
- mozes detector
- insulin pumps
- CPAP units

Dental Accidents

If you or any of your eligible dependents suffer an accidental blow to the mouth, causing damage to whole, sound, natural teeth, charges for necessary treatment performed by a qualified dentist to repair or replace such natural teeth will be considered. Details of the accident must be provided to CARRIER 2, along with related dental x-rays.

Limitations & Exclusions

- the dental repair work must be performed within 12 months of the date of the accidental injury
- the nature of the accident must be unexpected, external and violent
- biting or chewing accidents or accidents caused by objects placed in the mouth are not eligible dental accidents
- the dental accident must not be the result of provoking an assault or due to any other cause listed in the EHC 'Ineligible Expenses, Limitations & Exclusions' section of this booklet
- the injury must have occurred while insured under this plan for this benefit
- the benefit payable will be limited to the cost of the least expensive treatment necessary to provide a professionally adequate result
- no benefits are payable for expenses related to orthodontic or temporomandibular joint dysfunction

EXTENDED HEALTH CARE

Cardiac Rehabilitation

Charges for the cost of services provided in a cardiac rehabilitation program are eligible if such program is recommended by a licensed physician and is not covered by your provincial health plan.

The cardiac rehabilitation program must be operated by a licensed provider and must be run by specially trained medical personnel.

Emergency Out-of-Province/Out-of-Canada Benefits

Your Emergency Out-of-Province/Out-of-Canada group insurance benefit provides around-the-clock coverage for emergencies which take place while you are travelling.

NOTE: Always carry your wallet travel insurance card and CARRIER 2 certificate with you while travelling, along with provincial/government health insurance cards for you and covered dependents & any applicable direct calling codes to Canada.

Emergency Travel

Your EHC Schedule of Benefits in this booklet will specify the maximum number of days per trip covered by your plan, commencing with the date of departure from your province of residence. If you are hospitalized as an inpatient on your final day of coverage, your insurance will be extended for up to 72 hours from the time you are discharged so that you are able to return to your province of residence.

Subject to the maximum benefit and co-insurance specified by your EHC Schedule of Benefits, eligible expenses for emergency services will be reimbursed based on usual, reasonable and customary charges in the area where they were received, less the amount payable by your provincial/government health insurance plan.

Benefits are paid only if medical services are required as a result of an emergency illness or injury, which occurs while you are vacationing or travelling. Travel must be for other than health reasons. Benefit reimbursement payments are issued in Canadian currency only, at the rate of exchange in effect on the date your claim is processed, regardless of the country where the emergency medical service may have been provided.

Before You Leave

The insurer is not able to guarantee assistance services in areas of political or civil unrest. If you have a pre-travel inquiry before leaving on your trip, you may call Travel Assist.

Travel Assist

If a travel emergency occurs, call Travel Assist **prior to seeking treatment** of the emergency, using the emergency Travel Assist phone numbers indicated on the back of your wallet card.

Please note that if your medical condition prevents you from calling in advance of emergency treatment, you should call Travel Assist as soon as medically possible. As an alternative, someone else may call on your behalf. (There are repercussions if Travel Assist is not contacted as soon as possible. See under the heading 'If you do not call within 48 hours'.)

When travelling outside of Canada or the United States, you will also require the direct calling codes for Canada from any country you are travelling in. Obtain the applicable calling codes from www.countrycode.org/canada or from your travel agent.

EXTENDED HEALTH CARE

When You Call

- Advise that you are a member of CARRIER 2 and quote your CARRIER 2 certificate number. Also, provide your provincial/government health insurance plan number.
- Explain the medical emergency and the help you need.
- A multilingual assistance specialist will provide you with direction to the best available medical facility or physician, for the provision of appropriate emergency care.
- The insurer will provide confirmation to the emergency service provider(s) (e.g. the hospital, clinic, or physician), that you do have Out-of-Province/Out-of-Country insurance benefits.
- The emergency service provider is able to bill the insurer directly (in most cases), for medical services covered by insurance.

EXTENDED HEALTH CARE

- The insurer's medical team will monitor the progress of treatment, to ensure that the patient is receiving the best available medical care. Depending on the severity of the medical emergency, the insurer's medical team will also keep in constant communication with the patient's own regular physician, and the family.
- If an extended hospital stay is required, the insurer will arrange repatriation to the province of residence as soon as it is safely possible.

If you do not call within 48 hours

If you do not call Travel Assist within 48 hours of an emergency:

- failure to notify the insurer of the commencement of any emergency treatment or refusal to be repatriated within 48 hours, may result in benefits being limited to only those expenses incurred within 48 hours of treatment/incident (subject to the plan maximum),
- claims for reimbursement must be submitted to the insurer,
- proof of payment and services rendered must be provided for any services you paid 'out-of-pocket', • all claims must be submitted within 12 months from the date of service.

Emergency Assistance Services

Services include:

- assistance available 24 hours per day, 7 days per week
- multilingual assistance
- assistance in locating the nearest, most appropriate medical care
- international preferred provider networks
- medical team (physician) consultative and advisory services, including a review of treatment for appropriateness to the medical condition being treated
- assistance in establishing contact with family, personal physician and employer as appropriate
- monitor progress during treatment and recovery
- emergency message transmittal services
- translation services to communicate in the language of the hospital(s) and attending physician(s)
- verification of insurance coverages, facilitating entry and admissions into hospitals and other medical care providers
- special assistance regarding the co-ordination of direct claims payment
- emergency funds transfers
- co-ordination of Embassy and Consulate services
- management, arrangement and co-ordination of emergency medical transportation and evacuation as necessary
- management, arrangement and co-ordination of repatriation of remains
- special assistance in making arrangements for interrupted and disrupted travel plans resulting from emergency situations to include: the return of unaccompanied travel companions; travel to the bedside of a hospitalized person; rearrangement of ticketing due to accident or illness and other travel related emergencies; the return of stranded personal use motor vehicles
- assistance to obtain a legal advisor at your location

EXTENDED HEALTH CARE

-
- co-ordination of securing bail bonds and other legal instruments
- special assistance in replacing lost or stolen travel documents including passports

If the emergency service provider refuses to bill the insurer directly, the insurer will provide emergency prepayment to the provider of eligible hospital and/or medical/surgical expenses where possible; or the immediate reimbursement of such eligible expenses, incurred by a covered person and which have resulted in financial hardship. Otherwise eligible expenses incurred will be reimbursed upon return from travel and submission of the claim with supporting documentation and all receipts.

Emergency Hospital Medical/Surgical Expenses

Benefits for a medical emergency incurred outside your province of residence or Canada include the following eligible medical/surgical expenses. Where pre-approval is required as indicated below, and where possible before seeking any treatment, call Travel Assist:

- Eligible hospital accommodation up to a standard ward rate in a public general hospital, and eligible medical/surgical services rendered for the emergency medical condition by a legally qualified physician or surgeon.
- Land ambulance to the nearest qualified medical facility.
- Air ambulance (including a medical attendant when necessary) to the nearest medical facility within a visiting province or state and to return to the province of residence regardless of whether the insured is in or outside of Canada, providing it is medically required and the covered patient cannot travel by any other means of transportation. *Pre-approval is required.*
- Services of a registered private nurse up to a maximum of \$5,000 at the usual and customary rate charged by a qualified nurse (RN) registered in the jurisdiction in which treatment is provided. *Pre-approval is required.*
- Except in emergency cases, *pre-approval is required* for diagnostic laboratory tests and x-rays when prescribed by the attending physician, including cardiac catheterization or angiogram, angioplasty and bypass surgery.
- Drugs, serums and injectables which require a prescription by law and are prescribed by an authorized medical practitioner (vitamins, patent and proprietary drugs are excluded).
- Medical appliances including casts, crutches, canes, slings, splints and/or the temporary rental of a wheelchair when deemed medically necessary and required due to an emergency, and when the devices are obtained outside your province of residence.
- Treatment of Dental Accidents: Up to \$2,000 per person for emergency dental treatment to repair natural, vital and sound teeth or permanently attached artificial teeth, provided the injury was caused by an external and accidental blow to the mouth or face. Consultation and treatment with a physician or dentist must occur immediately following the injury and prior to your return to your province of residence. Additional treatment, if required, must be completed within 90 days of the accident. An accident report is required from a physician or dentist for claims purposes. The Policy does not cover chewing accidents. *Pre-approval is required.*

Emergency Travel Expenses

Benefits for a medical emergency incurred outside your province of residence or Canada include the following travel expenses eligible on a reimbursement basis:

EXTENDED HEALTH CARE

-
- Cost of the covered person's economy airfare when pre-paid transportation home is missed, due to illness of the covered person or their travelling companion
- Cost of economy return airfare and expenses for a medical attendant (when a medical attendant is deemed necessary by the attending physician) to accompany the covered patient to their province of residence
- Cost of repatriation of mortal remains up to a maximum of \$7,500 (burial coffin/urn costs excluded)
Cost of economy return airfare to bring a covered patient's spouse or close relative to the bedside, in the case of the covered patient's extended hospitalization (i.e. hospital confined outside their province of residence for at least 7 days), *and* costs incurred by the spouse or close relative for meals and accommodation up to a maximum of \$150 per day for no more than 5 days
- Cost of economy airfare to return unsupervised children under the age of 15 to their home when their only available supervising guardian on the trip is hospitalized
- Cost incurred to return the covered patient's vehicle, when the patient or family are unable to do so (Maximum \$1,000)
- Costs incurred by a covered patient's family travelling with them, in the case of the covered patient's detainment in hospital past their scheduled return date, for the family's meals and accommodation up to a maximum of \$150 per day for no more than 10 days

Emergency Travel Limitations & Exclusions

The service provider, insurer, employer or CARRIER 2 are not responsible for the availability, quantity, quality, or results of any medical treatment received by a covered person; or for the failure of a covered person to receive medical services for any reason.

Emergency Travel Benefits are not payable for the following expenses:

- treatment or service required for ongoing care, rest cures, health spas, elective surgery, check-ups or travel for health purposes, even if the trip is on the recommendation of a physician,
- any trip booked, commenced or continued against the advice of a physician *or* after being diagnosed with a terminal illness,
- any medical condition that prior to departure, medical evidence suggests a reasonable expectation that treatment or hospitalization would be required while travelling,
- treatment not performed by or under the supervision of a physician or licensed dentist,
- treatment or service which you elect to have performed outside Canada when the medical condition would not prevent your return to Canada for such treatment,
- hospital and medical care for childbirth occurring within 8 weeks of the expected delivery date from the date of departure, or deliberate termination of pregnancy,
- treatment or service provided in a chronic care or psychiatric hospital, chronic unit of a general hospital, Long Term Care (LTC) Facility, health spa, or nursing home,
- services rendered from a chiropractor, chiropodist, podiatrist, or for osteopathic manipulation,
- cataract surgery or the purchase of eyeglasses or hearing aids, and
- vitamins, patent and proprietary drugs, and

EXTENDED HEALTH CARE

- ***Cyber Risk Exclusion***
 - any unauthorized, malicious, or illegal act, or the threat of such act(s), involving access to, or the processing, use, or operation of, any computer system,
 - any error or omission involving access to, or the processing, use, or operation of any computer system,
 - any partial or total unavailability or failure to access, process, use, or operate any computer system, or
 - any loss of use, reduction in functionality, repair, replacement, restoration or reproduction of any data, including any amount pertaining to the value of such data.

EXTENDED HEALTH CARE

General Benefit Exclusions

The following general exclusions are applicable to all Benefit Provisions:

- charges for completion of claim forms,
- costs prohibited by government law from being covered, except to the extent that the government may permit excess reimbursement,
- costs covered for the full amount by a provincial or other government health insurance plan,
- costs covered fully by the spouse's plan as the primary insurer,
- costs covered by any Worker's Compensation legislation,
- costs covered by a third party through litigation against the third party,
- cosmetic treatment,
- any expenses related to a change in gender,
- costs in excess of what the Insurer deems is a reasonable and customary cost,
- unreasonable or non-customary treatment of a medically diagnosed condition, as determined by the Insurer, treatment which is experimental in nature,
- expenses already covered/provided by an employer,
- expenses incurred for routine health examinations, broken appointments, third party examinations or screening, or examinations for fitness to travel,
- communication costs are not covered,
- medical expenses incurred as a result of intentionally self-inflicted injuries or suicide (while sane or insane),
- medical expenses incurred for injuries and/or illness as a result of a covered person's or covered dependent's reckless behavior while on a trip, including non-compliance with a prescribed treatment or medical therapy, or misuse of medication, or reckless disregard for their own health or safety when engaging in activities or treatment thereof, or accidents relating thereto,
- medical expenses incurred as a result of provoking an assault,
- medical expenses incurred as a direct or indirect result of insurrection or war (declared or not), participation in a riot or civil commotion, or participation in any act of terrorism,
- expenses incurred for dental treatment are excluded, other than due to a dental accident,
- expenses incurred while participating in professional sports (*Professional Sports* means any sporting activity, especially when competitive, for which a participant is compensated either by direct payment of money, or an indirect payment such as the provision of a scholarship where education costs are waived or supplemented for the duration of their scholarship period and participation in the specified sport for the college or university).

Benefits are subject to the following limitations:

- Failure to notify the insurer of the commencement of any emergency treatment or refusal to be repatriated within 48 hours, may result in benefits being limited to only those expenses incurred within 48 hours of treatment/incident (subject to the plan maximum).
- Eligible services must be required for the immediate relief of acute pain or suffering.
- Coverage becomes effective at the time you or your eligible dependent leave your province of residence and terminates upon re-entering your province of residence.

DENTAL CARE

- Air ambulance services will only be eligible if pre-approved by the insurer and there is a medical need for you to be confined to a stretcher or for a medical attendant to accompany you. You must be admitted directly to a hospital in your province of residence, and medical reports or certificates from the dispatching and receiving physicians are to be submitted. Proof of payment including air ticket vouchers or air carrier invoices are required.

Medical Referral Out-of-Province/Out-of-Canada Benefits

Subject to the maximum benefit, day limit and co-insurance specified by your EHC Schedule of Benefits, you or your eligible dependent may be eligible for expenses incurred for a medical referral for special treatment or health services outside your province of residence or Canada.

Pre-approval

Pre-approval must be obtained from the insurer & your provincial/government health insurance plan. (See limitations & exclusions)

To apply for the medical referral benefit, further details and the insurer's requirements can be obtained by contacting *Travel Assist* or Carrier 2 Health Claims Department.

Eligible Medical Referral Expenses

- hospital services and accommodation up to a standard ward rate in a public general hospital
- medical/surgical services rendered by a legally qualified physician or surgeon
- up to \$2,000 for round trip airfare for the covered person and covered travel companion (combined, not per person)
- up to \$150/day for meals and accommodation for a maximum of 10 days while receiving/recovering from treatment (combined, not per person)

Limitations & Exclusions

- Prior to the commencement of any referral treatment, you must receive written pre-authorization from **both** your provincial/government health insurance plan, and the insurer. Failure to comply in obtaining preauthorization will result in non-payment. You must provide CARRIER 2 with a letter from your attending physician stating the reason for the referral, and a letter from your provincial/government health insurance plan outlining their liability.
- Medical treatment must be required and not readily available in your province of residence.
- No benefits are payable if your provincial/government health insurance plan already entirely covers your medical referral, or if they decline the referral request.

Survivor EHC Benefit

In the event of your death, each of your dependents who are insured under your benefit plan for EHC coverage on the date of your death will continue to be insured for EHC coverage, for the number of months indicated by your EHC Schedule of Benefits in this booklet, but not beyond:

- the date your dependent is no longer considered eligible, or is no longer considered to be a dependent, or
- the date your employer terminates this EHC coverage for its employees, or
- the date of termination of this EHC coverage as a result of termination of the benefit plan or policy.

EXTENDED HEALTH CARE

DENTAL DETAILS

The Dental Care Schedule of Benefits in this booklet summarizes the main dental care expenses covered by your plan for you and any eligible dependents, subject to the deductibles, co-insurance amounts, and benefit maximums. This section of your booklet provides details applicable to each benefit under your plan, such as limitations and exclusions, along with further information not specifically listed in your Dental Schedule.

Inquiries

Carrier 2 Dental Claims department is here to help you with any questions you may have. We can be reached by calling 519-669-1632 (local) or at 1-877-888-CARRIER 2(7926).

Dental Deductible

Any 'Dental Deductible' specified in your Schedule of Benefits is the total amount of eligible expenses you must first personally pay in any calendar year, before you are able to claim reimbursement of eligible dental care expenses exceeding that amount.

Eligible dental care expenses incurred during the last 3 months of one calendar year and which remain under that year's Dental Deductible amount, can be carried over and applied to satisfying the following year's Dental Deductible amount.

Dental Fee Guide

This is a guide of standard dental fees in effect in your province of residence, listed in the Dental Association Fee Guide for General Practitioners. Your coverage is limited according to the 'Dental Fee Guide Year' specified by your Schedule of Benefits.

Co-Insurance & Benefit Maximum

Your Schedule of Benefits will display a 'Co-insurance' amount and 'Benefit Maximum per Person' amount beside each listed Dental Benefit. Any eligible expense claimed will be reimbursed to you at the co-insurance amount. The Co-insurance amount is displayed as a percentage of the eligible expense incurred. The amount of Coinsurance payable is subject to:

- any 'Dental Deductible' specified by your Schedule of Benefits,
- the applicable 'Dental Fee Guide' specified by your Schedule of Benefits,
- the Maximum Benefit specified by your Schedule of Benefits, and
- limits applicable to the specific expense, as outlined in the Dental 'Details' section of this booklet.

DENTAL CARE

Co-ordination of Dental Benefits with Other Plans

If both you and your spouse (i.e. includes common-law spouse) are insured under a comparable dental plan, benefits payable will be co-ordinated so that the combined total will not exceed 100% of the actual eligible expenses incurred. Benefits are determined and co-ordinated using the following sequence:

Your personal claims and your spouse's claims:

- Claims for yourself should be sent to CARRIER 2first (your plan is the primary insurer).
- Claims for your spouse go to your spouse's plan first (your spouse's plan is the primary insurer).
- Claims for any unpaid balance then go to the secondary insurer, with proof of what the primary insurer paid.

Your dependent children's claims:

- If your day & month of birth in the calendar year is before your spouse's, the claim goes to CARRIER 2first.
- If your day & month of birth in the calendar year is after your spouse's, the claim goes to your spouse's plan first.
- Claims for any unpaid balance then go to the secondary insurer, with proof of what the first insurer paid.

If you are separated or divorced, the order of claims for dependent children go first to the plan of the parent who has custody, then any unpaid balance goes first to the plan of the spouse of the parent who has custody, followed by the plan of the parent who does not have custody, followed by the plan of the spouse of the parent who does not have custody. (If you need clarification of this order of claiming, for your own personal circumstances, feel free to call CARRIER 2.)

Eligible Dental Expenses

Expenses are eligible if they are:

- covered by this Dental plan,
- usual and customary costs, according to the Dental Fee Guide and the criteria of dental practice in your province of residence,
- dental treatment recommended by a dentist and approved by the Canadian Dental Association,
- dental treatment performed by a dentist, a dental hygienist under the supervision of a dentist, or by a duly licensed denturist or denture therapist,
- incurred on a date while you and/or your dependent are actively insured for the benefit, and
- claimed and received at CARRIER 2 not more than 365 days after the date incurred (if you are no longer actively insured for the benefit, the deadline is not more than 90 days after the date the insurance ceased).

Dental treatment for yourself or an eligible dependent, which is rendered outside your province of residence, is reimbursed at the amount which would normally be payable in your own province of residence.

Pre-determination of Eligible Expenses

If the total cost of any proposed dental treatment plan is expected to exceed \$500, it is recommended you seek a pre-determination from CARRIER 2 of exactly which expenses are eligible, and the amount of benefit which may be payable. You should also seek a pre-determination if your plan covers crowns, bridges or dentures and you are claiming such an expense.

DENTAL CARE

Provide CARRIER 2 with a detailed treatment plan that outlines the type of treatment and estimated expenses. Requests for pre-determinations of crown, bridge or denture claims should include pre-treatment radiographs. This information will allow CARRIER 2 to advise you of the amount of benefit which may be payable, prior to your actual incurring of expenses.

It is to your advantage to seek a pre-determination and confirm expenses eligible for reimbursement under this plan, prior to incurring costs for any extensive or expensive dental treatment.

Alternative Treatment

Where there are two or more courses of dental treatment available to adequately correct a dental condition, this dental plan will provide reimbursement for the treatment which incurs the lowest cost consistent with good dental care, regardless of the final treatment choice.

NOTE: The choice of treatment is a matter for agreement solely between the patient and the dentist.

General Dental Limitations & Exclusions

In addition to other specific limitations and exclusions applicable to any Dental benefit in this booklet, the following general limitations and exclusions apply. Dental Care benefits are *not payable* for expenses:

- related to the completion of claim forms
- incurred for any services or treatment provided by a dentist, denturist, or dental hygienist who is related to the patient by birth, by legal or common-law marriage, or who lives in the same residence as the patient
- covered fully by your spouse's plan as the primary insurer (See 'Co-ordination of your Benefits with other Plans')
- covered by the full amount of your provincial or other government health/dental insurance plan
- covered by any Workers' Compensation legislation
- provided by your employer
- covered or payable by a third party
- in excess of what the insurer deems is a reasonable and customary cost
- incurred for dental treatment commencing after the date your dental coverage terminates (regardless of whether or not you received approval of a treatment plan's expenses under a Pre-determination while still insured prior to coverage termination)
- incurred for consultations or treatment planning
- incurred for nutritional counselling, oral hygiene and dental plaque control
- incurred for broken appointments, third party examinations or screening, travel, or communication costs
- incurred for the duplication of, or the interpretation of radiographs or x-rays
- incurred for cosmetic treatment such as bleaching
- incurred for unnecessary dental treatment, where the form and function of the teeth are satisfactory and no pathological condition exists to necessitate treatment
- incurred for the treatment of temporomandibular joint disorders

DENTAL CARE

- incurred for procedures (including the permanent splinting of teeth), appliances or restorations used to increase vertical dimension, repair or restore teeth damaged or worn due to attrition or wear, or to restore occlusion
- incurred for the replacement of lost, mislaid or stolen dentures or appliances
- incurred for the replacement of congenitally missing teeth or supernumerary teeth
- incurred for the cost of protective devices used primarily for participation in sports or recreation
- for treatment not currently approved by the Canadian Dental Association or clearly experimental in nature
- incurred as a result of intentionally self-inflicted injuries or attempted suicide
- incurred as a result of committing or attempting to commit a criminal offence
- incurred as a direct or indirect result of war (declared or not) military service, participation in a riot or civil commotion, or participation in any act of terrorism
- excluded under any general limitation for health insurance or prohibited by any government health plan
- for any dental treatment, services and supplies not included as eligible expenses under your dental plan
- incurred outside of Canada

Submitting Claims

Claims can be submitted to CARRIER 2 directly from your Dentist's office and/or by the Plan Member.

- **Dentist (EDI)** This convenient method is offered by most Dentists and is a service supported by CARRIER 2. Present your Group, Division and Certificate numbers (found on your OneCard) at the dental office (you may be asked for our BIN number #610616).
- **Plan Member** You may be required to pay the full cost directly to the Dentist. You can then claim your dental expenses electronically (CARRIER 2 Mobile App or Plan Member website) or mail, scan and fax the completed Standard Dental Claim Form with paid receipts to CARRIER 2. Please keep your original receipt(s) for one year.

Other instructions:

- The Insurer has the right to request any necessary materials to provide support of a claim, before a decision is made regarding eligible benefit payment. (For example, your Dentist may receive a request for your dental x-rays.)
- In either a pre-operative or a post-operative situation, the Insurer may request that a third party examine the medical evidence, at the Insurer's cost, before a decision is made regarding eligible benefit payment.
- If the claim has already been paid by the Primary Insurer, but you are claiming an unpaid balance of dental expense through CARRIER 2 under this plan, you must provide proof of the amount already paid by the other Insurer.
- If you are required to satisfy a Dental Deductible, save your receipts until the deductible amount is exceeded, and submit all receipts with your claim for expenses exceeding the Dental Deductible.
- It is your responsibility, at your own cost, to obtain and provide any necessary information required by the Insurer to process your Dental claim.

REMINDER: Details in this section are to be read in combination with your Dental Schedule of Benefits. Each benefit in this section is subject to any co-insurance and benefit maximums stipulated by your Dental

DENTAL CARE

Schedule. Along with details in this section, the Dental Schedule may also indicate other conditions to be met for a particular Dental benefit.

Basic and Preventative Treatment Benefits

Routine Dental Care Expenses

- routine recall, specific or emergency oral examinations (frequency per your Schedule of Benefits)
- bitewing x-rays (frequency per your Schedule of Benefits)
- light scaling and polishing and topical application of fluoride (frequency per your Schedule of Benefits)
- complete oral examinations (once per every 36 months)
- complete series of periapical films or panoramic film (once per every 36 months)
- initial amalgam and/or tooth-coloured restorations (fillings)
- replacement of amalgam and/or tooth-coloured restorations, provided an additional tooth surface is involved and at least 12 months have elapsed since the same tooth's last filling/restoration
- retentive pins
- prefabricated metal or plastic restorations
- initial provision and installation of simple space maintainers for missing primary teeth
- surgical removal of erupted teeth, impacted teeth and/or residual roots
- soft and hard tissue biopsies
- Expenses exclusively for dependent children age 17 and under:
 - pit and fissure sealants on teeth 4,5,6,7 and 8

Anaesthesia

Costs of general anaesthesia or conscious sedation, when surgical dental procedures are performed in relation to dental treatment covered by this plan. Any charges for facility fees or other related expenses are not covered.

Lab Fees

Reimbursement of a laboratory fee will be limited to the usual and customary charge for a service directly related to a dental expense covered under Basic & Preventative Treatment, up to a maximum of 65% of your applicable Dental Fee Guide as found in your Schedule of Benefits.

Endodontics, Periodontics, Oral Surgery Expenses

- treatment of disease of the pulp chamber and pulp canals
- treatment of the soft tissues (gums) and bone supporting the teeth ***Limitations & Exclusions:***
- periodontal scaling/root planing is limited to 8 units per calendar year
- root canal therapy will be limited to one standard treatment per tooth every 5 years
- for insurance purposes, the date of the final root canal treatment is considered to be the date the expense was incurred

Denture Repairs

- repair, rebasing and relining of dentures, provided the dentures are at least 6 months old
- re-cementation of bridgework

DENTAL CARE

Ineligible Expenses

Expenses for bridges or dentures, crowns or orthodontics (except as specifically noted above under 'Denture Repairs') are *not* payable benefits under Basic and Preventative Treatment.

Major Restorative Treatment Benefits

Crowns

- the initial installation of a crown, if the crown is necessary to restore cuspal/incisal damage
- metal inlay/onlay restorations, if necessary to restore cuspal/incisal damage
- post and core placements in inlays and crowns
- replacement of an existing crown, if the crown is at least 5 years old

Bridgework

- construction and initial installation of a fixed bridge. If 3 or more teeth are missing in the arch, the insurer reserves the right to base the reimbursement benefit on the lowest cost course of alternate treatment required to adequately correct the condition, regardless of the treatment choice made.
- replacement of fixed bridgework, if the existing appliance is at least 5 years old and cannot be made serviceable
- repair of fixed bridgework

Dentures

- construction and installation of an initial permanent partial or complete denture
- denture adjustments (minor denture adjustments are limited to once every 6 months)
- replacement of an existing partial denture or complete denture with a permanent denture if:
 - the existing denture is at least 5 years old and cannot be made serviceable, or
 - the existing denture is temporary and being replaced by a permanent denture within 12 months of the date the temporary one was installed (cost of the temporary denture will be deducted from the cost of the permanent denture)

Implants

- construction and insertion of an implant (includes all the procedures related to the implant). If 3 or more teeth are missing in the arch, the insurer reserves the right to base the reimbursement benefit on the lowest cost course of alternate treatment required to adequately correct the condition, regardless of the treatment choice made.
- In the case where some type of appliance is replacing the missing tooth, the appliance must be at least 5 years old and cannot be made serviceable.

Lab Fees

Reimbursement of a laboratory fee will be limited to the usual and customary charge for a service directly related to a dental expense covered under Major Restorative Treatment, up to a maximum of 65% of your applicable Dental Fee Guide as found in your Schedule of Benefits.

DENTAL CARE

Limitations & Exclusions

- for crowns, the date of instalment of a permanent crown is considered to be the date the expense was incurred, and the reimbursement benefit will not be paid until that date
- for dentures or bridgework, the date of instalment of the prosthetic device is considered to be the date the expense was incurred, and the reimbursement benefit will not be paid until that date
- oral rehabilitation, or the personalization or characterization of crowns, bridges, dentures or other prosthetics are excluded
- cosmetic treatment, treatment to address attrition from wear, or installations as a preventative measure are excluded
- benefits for crowns or pontics posterior to the second bicuspid tooth, are restricted to the cost of metal crowns only
- precision or stress breaker attachments are excluded
- denture supplies, denture cleaning or polishing, or services for the equilibration of dentures are excluded

Orthodontic Treatment Benefits

Orthodontic benefits are limited to the specified insured and/or age as indicated in your Dental Schedule of Benefits. Eligible expenses include:

- all necessary dental treatment intended to correct malocclusion of the teeth
- observation and adjustment
- appliances for tooth guidance or uncomplicated tooth movement

Lab Fees

Reimbursement of a laboratory fee will be limited to the usual and customary charge for a service directly related to a dental expense covered under Orthodontic Treatment, up to a maximum of 65% of your applicable Dental Fee Guide as found in your Schedule of Benefits.

Limitations & Exclusions

- costs incurred for the replacement or repair of lost or damaged orthodontic appliances are excluded
- if a treatment plan is terminated or interrupted, and subsequently resumed, the insurer will limit eligible expenses to those approved in the original treatment plan
- orthodontic treatment which commenced prior to the effective date of this coverage is excluded, unless you were insured under a similar orthodontic plan through your employer's previous group insurer, and this coverage replaces the previous insurer's orthodontic coverage

Payment of Orthodontic Claims

It is recommended you submit a treatment plan to CARRIER 2 for a Pre-determination.

- If you arrange to pay the single estimated charge in pre-arranged instalments over the course of treatment, you will be reimbursed every time you submit the bill or receipt, as treatment progresses.
- If you are charged as each treatment is performed, you will be reimbursed as each charge is incurred.
- If you pay the entire estimated charge in one lump sum, you will be reimbursed on a quarterly basis as follows:
 - the first payment will be made 3 months after treatment begins,

DENTAL CARE

- each payment will be 3 times the average monthly instalment, the average monthly amount will be the single estimated charge (including the initial fee) divided by the estimated number of months for the entire course of treatment

Survivor Dental Benefit

In the event of your death, each of your dependents who are insured under your benefit plan for Dental coverage on the date of your death will continue to be insured for Dental coverage, for the number of months indicated in your Dental Care Benefit Schedule of Benefits in this booklet, but not beyond:

- the date your dependent is no longer considered eligible, or is no longer considered to be a dependent, or
- the date your employer terminates this Dental coverage for its employees, or
- the date of termination of this Dental coverage as a result of termination of the benefit plan or policy.

PRIVACY STATEMENT

RESPECTING YOUR PRIVACY

At CARRIER 2, protecting your privacy is a priority.

When you request or obtain any financial or insurance product or service from us, we need certain personal information. This information is used to evaluate insurance risk, to determine eligibility, to administer insurance or financial products, or to adjudicate or manage claims. We will not gather information indiscriminately.

We will only collect information necessary to effectively conduct our business and provide our products and services.

Whenever practical, your information will be collected directly from you. We also collect information about you through our authorized representatives or third party service providers. Other sources of information may include insurers or financial institutions, government and governmental agencies, your employer, or your plan administrator. We will in some cases ask an independent source to verify and supplement personal information. When health information is required, we may collect it directly from you, or with your prior consent, from sources such as your doctor, health care professional, or hospital.

We will collect, use and disclose personal information only with your consent, or as otherwise required or allowed by law. Your consent may be express or implied, as appropriate. If you decline to provide needed personal information or withdraw your consent, we will still do our best to provide you with products or services; however, certain information is essential in order to do so. We will endeavour to ensure you understand why we need the information and how it will be used.

We will limit the use and disclosure of your personal information within our organization and with our subsidiaries, affiliated companies, and your insurers. From time to time we may find it necessary to share some of your information with our authorized representatives or third party service providers in order to provide you with the product or services you need or have requested. As part of our customer service relationship with you, we may use your personal information to offer products, information or services provided by our organization, subsidiaries, affiliated companies, insurers, or business partners, which we believe to be of value and interest to you. We will not give out or sell any personal information to third parties for marketing purposes. We will only use or disclose your personal information to the extent needed to perform our duties; to provide you with products, services or information related to your ongoing insurance and financial needs; or to fulfill our contractual obligations or applicable laws.

The length of time we retain personal information may vary depending on the product or service provided and the nature of the information. We retain personal information only for as long as required by the purposes for which it was collected, or as otherwise required or allowed by law.

We will keep your personal information as accurate, complete and up to date as necessary. You have a right to challenge the accuracy and completeness of the information we hold about you. If it is inaccurate or incomplete, we will make the necessary changes. If there is a disagreement or a discrepancy as to information accuracy, this will be noted on your file.

We have developed and continue to enhance security measures and procedures designed to protect your personal information from unwarranted intrusion, theft, accidental release, loss, or unauthorized disclosure, use, copying, or modification. When we destroy your personal information, we will use appropriate safeguards.

With satisfactory verification of your identity, we will provide you with the information you request. If your request is made through a third party, we will need satisfactory proof of your consent and authorization to release information to that party, and we will ensure their entitlement to such information.

There are certain legal exceptions to your right of access. If these apply, we will inform you of the reason for not providing access and any recourse you may have. Generally, we will provide access to medical information only through the appropriate health care professional.

A full copy of Carrier 2 Privacy brochure is available upon request. It is also on our website at www.Carrier 2.com. To find out how to access your file, or if you have any privacy questions or concerns, please contact us at:
